HENRY RHODES HUNDLEY

1867-1934

"He scarce had need to doff his pride or slough the dross of earth,
E'en as he trod that day to God so walked he from his birth,
In simpleness and gentleness and honor and clean mirth."

Standing in the fresh light of a fine memory we gratefully and gladly dedicate the 1934 Adytum to Henry Rhodes Hundley, a beloved teacher. We shall always remember his abounding love for the out-of-doors and his keen zest in games and sports. It will also be a joy to recall his wholesome love of fun and humor. He had a veritable genius for friendship and he bound many to him "with hoops of steel". The ungirt-loin and the untrimmed lamp were an abomination to him. He was eager to do a full stint of work while the day lasted and served cheerfully and efficiently wherever he was placed. His life almost in its entirety was devoted to Doane Academy and to Denison. He holds a large place in our hearts and we deplore his tragic and untimely death.

FOREWORD

In creating this volume we have endeavored to do more than create a mere record of another year on our campus; and if we have succeeded at all in making the record itself symbolic of the beauty and spirit of our college life; if we have identified the ideals underlying her advancement with the ideals that have motivated the most glorious outgrowths of envisioned achievement; credit should be reflected not upon us but upon the Alma Mater which has inspired us with a desire to honor her.

DR. W. H. JOHNSON

Dr. William H. Johnson, a member of the class of 1885, the recipient of an honorary degree in 1920, and for twenty-five years professor of Latin and Literature, died suddenly in Columbus, January 4.

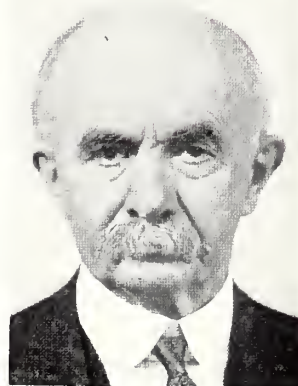

For many years active as secretary or treasurer of the Society of the Alumni and as a member of the Alumni Council, Dr. Johnson was a year ago elected an alumni representative of the Board of Trustees. After his withdrawal from the Denison faculty in 1919, he was occupied with editorial work, first for The Review of New York, then as chief editorial writer for the Columbus Dispatch, with which he was associated at the time of his death.

DR. C. L. WILLIAMS

Dr. Charles L. Williams, Professor Emeritus of English Literature and Rhetoric, died August 5, 1933, at his home in Granville.

"Prof. Willie", as he was known to alumni, faculty, and undergraduates alike, was engaged in active teaching at Denison for twenty-eight years, retiring in 1921 to devote himself to his scholarly and literary interests.

Dr. Williams was a graduate of Princeton University and Crozier Theological Seminary; he was given honorary degrees by Bucknell and Denison. The Academic honor, the grateful dedication of books, and the scholarly recognition which he received must have meant less to him, however, than the affection and loyalty with which he has held a secure place in the minds of all those who knew him.

IN MEMORIAM

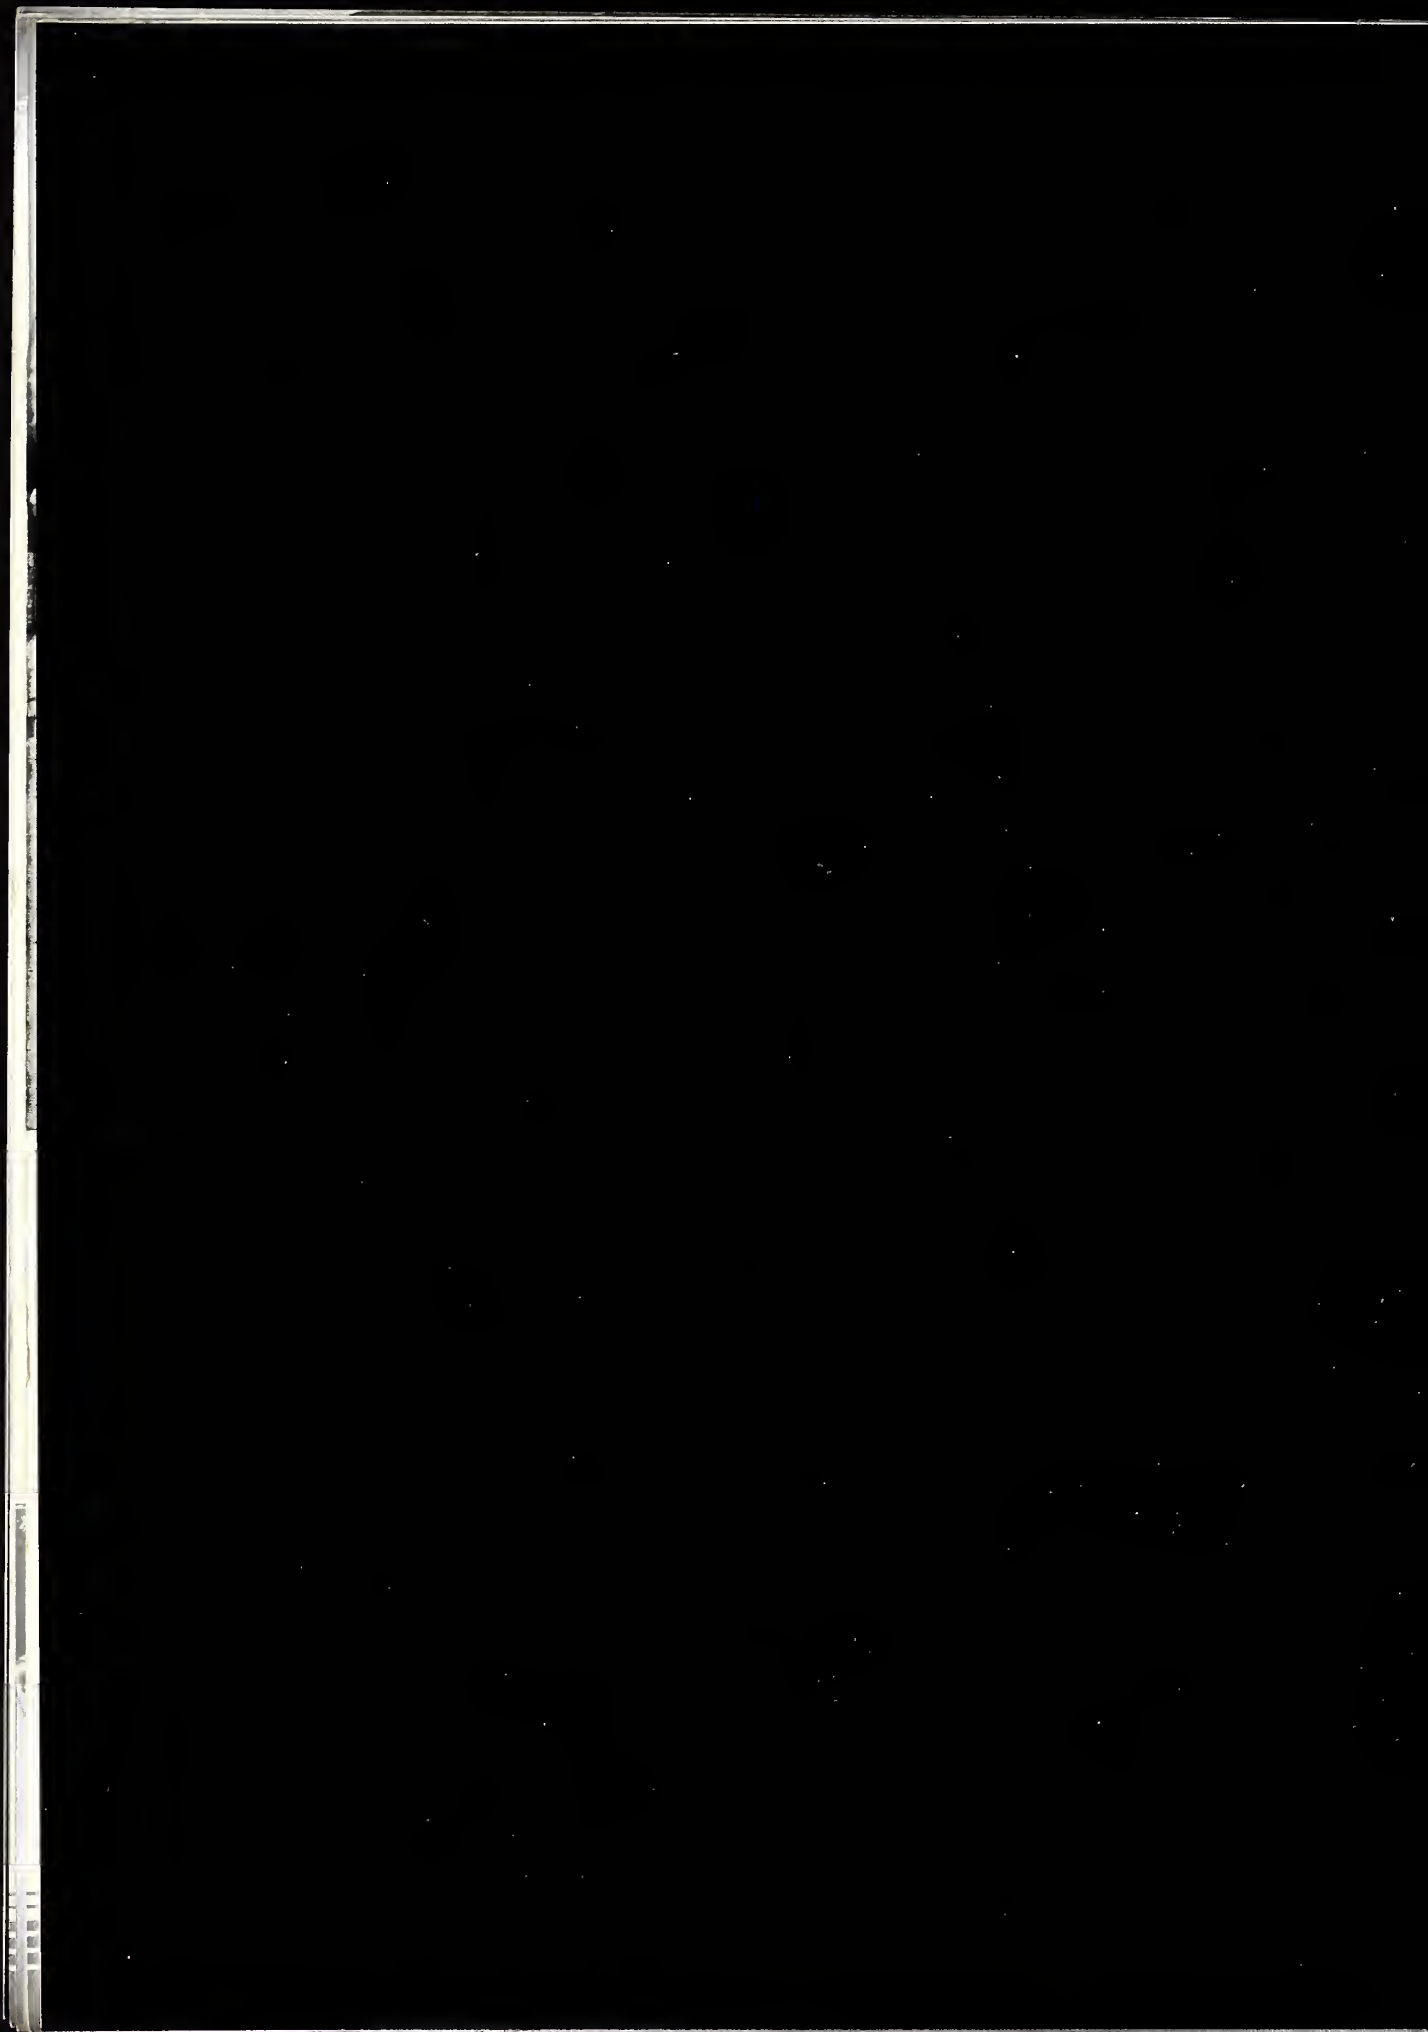

UNIVERSITY

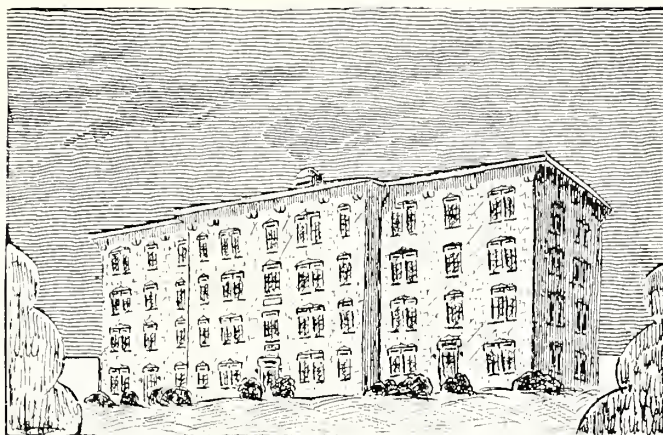

DENISON UNIVERSITY

Located on the Crest of college Hill its Chapel
spire reaching into the heavens, Denison Uni-
versity may be truly said to be the seat of the
Gods.

DR. AVERY ALBERT SHAW
President

Kindly, dignified, and fair President Shaw is a source of admiration and respect to Denison students. We wish him well in his duties as President of our University.

FREDERICK G. DETWEILER
Dean of Men

Frederick G. Detweiler assumed control of Denison men in the fall of 1926 as acting Dean of the University, and for the past six years has been serving as active Dean. In 1909 Dean Detweiler received his B.D. from Colgate Rochester Divinity School. In 1917 he received his A.B. from Denison and then in 1919 his A.M. He then studied in Chicago University and received his Ph.D. from it in 1922.

The majority of Dean Detweiler's duties consist of personal work. He attempts vocational guidance with senior men and acts as chairman of the curriculum committee of the University. Through his office must also pass all attendance records and all news and selections for the men's assemblies.

HELEN OLNEY
Dean of Women

Miss Olney came to Denison in the fall of 1931 and is now completing her third year as director of women's affairs in Denison. She received her B.S. degree from Denison and then went to Columbia where she took her A.M.

Her duties consist in giving advice to incoming freshmen on their curriculum, to supervise the scholastic activities of the women of the university and to watch the progress of the individual students under her and to give advice whenever asked. While her vocational advice is enthusiastically sought by the co-eds, Dean Olney is not required to give a great deal of thought to planning the social life of the girls as it is mostly of a traditional nature.

The Deans office tries at all times to co-operate with the student Government on both constructive and disciplinary matters. Her routine duties consist in regulating the dining halls, supervising the dormitories, and checking the class and chapel attendance. It is hoped that the next three years for her will prove as successful as the last.

AVERY A. SHAW

THE SOCIETY OF THE ALUMNI

An organization founded in 1846 composed of the graduates and former students of Denison University for the purpose of assisting the college as circumstances may require. The Society maintains a central office, employs an executive secretary and an assistant, publishes the Alumni Bulletin and cooperates with the college administration in promoting the interests of the college, working with the alumni membership and with friends of the institution.

Kappa Sigma; Phi Beta Kappa; Phi Mu Alpha; Cum Laude Society; A.B., Bates, 1898; A.M., Harvard, 1900; Fellow American Association for Advancement of Science; Member Botanical Society of America, Wisconsin Academy of Science.

WILLIAM CLARENCE EBAUGH
Professor of Chemistry

B.S., Pennsylvania, 1898; Ph.D., Pennsylvania, 1901.

WALTER J. LIVINGSTON
Professor of Physical Education

Beta Theta Pi, B.S., Denison, 1909; National Intercollegiate Athletic Association; National Physical Directors' Society; National Intercollegiate Research Society; Ohio Intercollegiate Directors' Society; Ohio College Physical Directors' Society.

ARTHUR WARD LINDSAY
Professor of Zoology

Sigma Chi, Gamma Alpha, Beta Beta Beta, A.B., Morningside, 1916; M.S., Iowa, 1917; Ph.D., Iowa, 1919; Fellow of the American Association for the Advancement of Science; Fellow of the Iowa Academy of Science; Fellow of the Ohio Academy of Science; Member of the Entomological Society of America.

KARL H. ESCHMAN
Professor of Music and Director of the Conservatory

Phi Gamma Delta; Phi Mu Alpha; Phi Beta Kappa; Cum Laude Society, Ph.B., Denison, 1911; A.M., Harvard, 1913; Graduate Work in Berlin and Vienna.

KATE S. HINES
Librarian Emeritus
A.M., Denison.

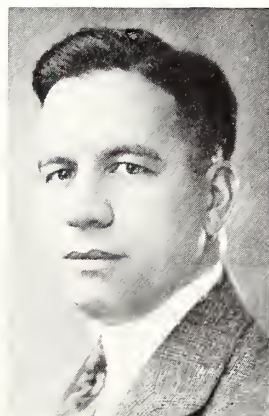

FREDERICK G. DETWEILER
Professor of Sociology and Dean of Men
A.B., Denison, 1917; B.D., Colgate-Rochester Divinity School, 1908; Ph.D., University of Chicago, 1922

FRANK J. WRIGHT
Professor of Geology
Alpha Theta Sigma; Phi Beta Kappa; Sigma Xi, A.B., Bridgewater, 1908; A.M., Virginia, 1911; Ph.D., Columbia University, 1918; American Association for the Advancement of Science; New York Academy of Sciences; Teacher at Bryn Mawr and Columbia University; Professor of Geology and Dean at Bridgewater College; Association of American Geographers.

LINDLEY RICHARD DEAN
Elzam E. Barney Professor of Classical Languages
American Commons Club; Phi Beta Kappa; Sigma Phi Epsilon; Eta Sigma Phi; A.B., Dartmouth, 1909; A.M., Ph.D., Princeton; American Philological Association; Society for the Promotion of Roman Studies.

JOSEPH LEONARD KING
Professor of English
Phi Gamma Delta; A.B., University of Richmond, 1913; A.M., Columbia University, 1922; Ph.D., Columbia University, 1927; Certificate, University of Bordeaux, France; University Scholar of English, Columbia University; Professor of English, Mississippi Agricultural and Mechanical College.

FREDERICK W. STEWART
Professor of Christian Education

Delta Kappa Epsilon; Delta Theta Chi; A.B., Rochester, 1901; A.M., Colgate-Rochester Divinity School, 1907; B.C., 1914; Graduate Work at Harvard University Divinity School, University of Chicago; Member of Religious Education Association; Ohio Council of Religious Education; Mid-West Section of Association of Teachers of Religion.

LEON E. SMITH
Henry Chicholm Professor of Physics

Sigma Xi; B.S., Ottawa, 1919; Ph.D., Pennsylvania, 1926; American Physical Society; American Association for the Advancement of Science; Instructor in Physics, University of Pennsylvania.

HELEN A. BARR
Women's Physical Education Department

Delta Gamma; Mortar Board; A.B., University of Wisconsin, 1917; A.M., Wisconsin, 1932; Graduate Work at Wellesley; Physical Education Instructor at Minnesota, California and Northwestern University.

HAROLD H. TITUS
Maria Theresa Barney Professor of Philosophy

A.B., Acadia, 1920; B.C., Colgate-Rochester Divinity School, 1923; Th.M., 1924; Ph.D., Chicago, 1926; Member of the American Philosophical Association.

E. BASIL HAWES
Professor of Education

Phi Delta Theta; Ph.G., Starling Med. Col., 1908; G.S., Ohio State, 1913; M.S., Ohio State University, 1914.

LIONEL G. CROCKER
Professor of Speech

Theta Chi, Tau Kappa Alpha; Phi Beta Kappa; A.B., Michigan, 1918; A.M., Michigan, 1921; Ph.D., Michigan, 1933; National American Association of Teachers of Speech.

BRUCE D. GREENSHIELDS
Professor of Engineering Science

Sigma Tau; B.S., Oklahoma, 1920; C.E., Oklahoma, 1927; Graduate Work at the University of Michigan; Professor at Marquette University and Virginia Polytechnical Institute, Associate Member Engineers' Club of American Society of Civil Engineers.

AUGUST ODEBRECHT
Professor of Modern Languages

Kappa Sigma, Phi Beta Kappa, Ph.G., Ohio State University, 1895; B.Ph., Denison, 1906; A.M., Denison, 1907; Graduate Work at University of Chicago; Modern Language Association of America; National Federation of Modern Language Teachers; American Association of Teachers of Italian.

WILLIAM T. UTTER
Professor of History

Pi Gamma Mu; Phi Alpha Theta, B.S., N.W., Missouri State Teachers College, 1921; A.M., University of Chicago, 1924; Ph.D., University of Chicago, 1929; American Historical Association; Mississippi Valley Historical Society.

ANNIE M. MACNEILL
Associate Professor of English

Chi Omega; A.B., McMaster, 1903; A.M., Columbia, 1919.

HELEN OLNEY
Dean of Women

B.Sc., Denison, 1916; A.M., Columbia, 1928.

ERI J. SHUMAKER
Associate Professor of English

A.B., Denison, 1915; A.M., Denison, 1921; Ph.D.

LELAND J. GORDON
Professor of Economics

B.S., Pennsylvania, 1922; A.M., Pennsylvania, 1924; Ph.D., Pennsylvania, 1928.

W. ALFRED EVERHART
Associate Professor of Chemistry

A.B., Miami University, 1914; M.S., Lehigh University, 1922; Ph.D., Ohio State University, 1930.

ANNA B. PECKHAM
Associate Professor of Mathematics

A.B., Wellesley, 1893; A.M., Denison, 1901; Graduate Work at University of Chicago, Leland Stanford Junior University, Gothington University, Columbia University and Harvard University.

FANNIE JUDSON FARAR
Assistant Professor of Music

Pupil in Piano of J. Emil Ecker, Toledo; Constantin Sternberg, Philadelphia; Bertrand Roth, Dresden; Tobias Matthey and Claude F. Pollard, London; Student in Vienna, Member of American Matthey Association; formerly taught in Sternberg School of Music, Philadelphia.

RICHARD H. HOWE

Assistant Professor of Physics

Lambda Chi Alpha; Phi Beta Kappa; B.S., Denison, 1920; M.S., Denison, 1925; Graduate Work at Ohio State University; Government Licensed Radio Operator; Member of Ohio Physics Association; Member Institute of Radio Engineers

SIDNEY JENKINS

Assistant Professor of Physical Education

Sigma Chi, B.S., Denison, 1920.

ALMA B. SKINNER

Assistant Professor of Modern Languages

Ph.B., Denison, 1905; A.M., Columbia University, 1925.

DANNER LEE MAHOOD

Assistant Professor of English

Phi Gamma Delta; Sigma Upsilon; Pi Delta Epsilon; B.S., Davidson, 1922; M.S., Virginia, 1923; Board of Visitors Fellow, University of Virginia; Instructor, University of Alabama; Federation de L'Alliance Francaise; Modern Language Association.

JOHN C. LARMORE

Assistant Professor of English

A.B., Columbia University, 1920; A.M., Columbia University, 1922; Holder of Perry-McDonough-Collins Scholarship at Columbia in 1919-1920; former instructor at Parsons College and Iowa State College.

GEORGE D. MORGAN

Assistant Professor of Zoology

Lambda Chi Alpha; Phi Mu Alpha; B.S., Denison, 1924; M.S., University of Pittsburg, 1926; Cold Spring Harbor; Research at Kartabo Jungle Laboratory, British Guiana.

EDSON RUPP

Assistant Professor of Mathematics

Beta Theta Pi; Ph.B., Denison, 1913; M.S., Denison, 1923.

F. DEWEY AMNER

Assistant Professor of Modern Languages

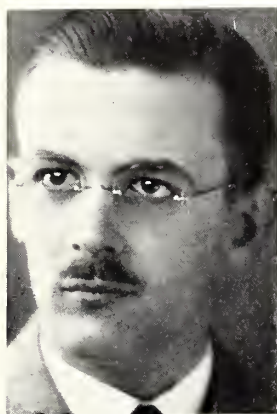

Phi Beta Kappa; Phi Mu Alpha; Sigma Delta Pi; A. C. C.; A.B., Colgate, 1923; A.M., Denison, 1927; Diploma de Suñencia at Madrid, Spain.

A. COLLINS LADNER
Assistant Professor of Mathematics and Engineering
A.B., Brown, 1912; A.M., Brown, 1913.

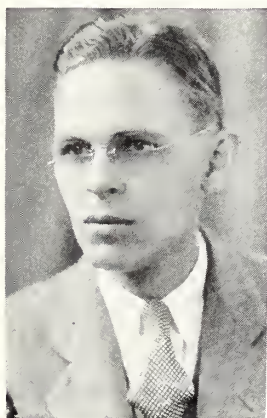

CHARLOTTE RICE
Assistant Professor of Psychology
A.B., Ohio Wesleyan, 1926; Ph.D., Johns Hopkins University, 1929.

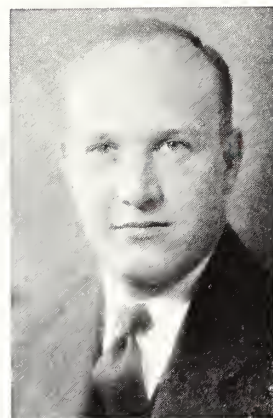

THOMAS R. WILEY
Assistant Professor of Modern Languages
A.B., Ohio State University; A.M., Ohio State University, 1927.

CHOSABURO KATO
Assistant Professor of Mathematics
B.S., Denison, 1925; M.S., University of Chicago, 1927.

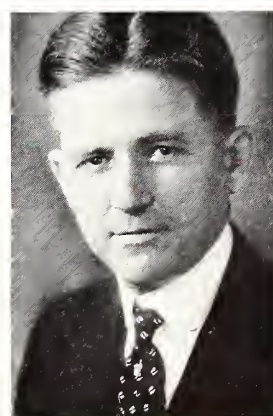

HARVEY A. DEWEERD
Assistant Professor of History
Pi Kappa Delta; Phi Alpha Theta; A.B., Hope College, 1924; A.M., Michigan, 1925; taught at Colorado Agricultural College, Michigan State College, Wittenburg College; Member American Historical Association; Associate Member U. S. Naval Institute.

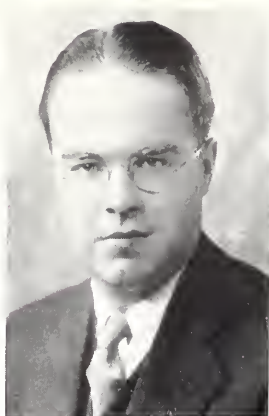

GEORGE E. RICH
Assistant Professor in Physical Education
A.B., Michigan, 1928; L.L.B., Michigan, 1930.

ANNIE LOUISE CRAGIE
Librarian
A.B., Rochester, 1913; B.S., Simmons.

CHARLES L. MAJOR
Assistant Professor of Education
A.B., William and Mary, 1919; A.M., William and Mary, 1923.

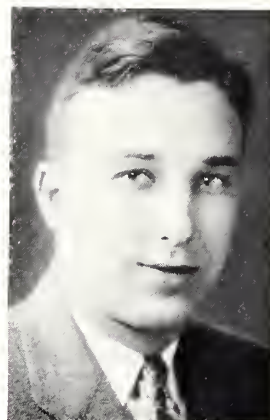

HOWARD A. BAKER
Assistant Professor of Economics
A.B., Swarthmore, 1929.

SAM GELFER
Instructor in Violin
A. C. C.; Phi Mu Alpha; University of Illinois; studied with Henry Schradieck and Theodore Spiering, New York Institute of Applied Music; pupil of Alois Trinka, T. R. Miles, and Jascha Epstein.

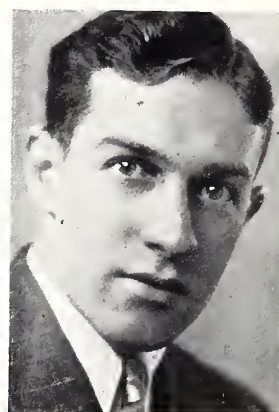

MARY RECKARD FITCH
Instructor in Voice
Delta Omicron; Studied in Chicago with Franz Proschowsky; Madame Hannah Butler, Chicago and Paris; D. Clippinger, Chicago; Vocal Studies at Academy of Our Lady; Lyceum Arts Conservatory.

THOMAS A. ROGERS
Instructor in Physical Education
Beta Theta Pi; Ph.B., Denison, 1925.

WILLIAM WELLS
Instructor in Violincello

WILLIAM N. FELT
Instructor in Modern Languages
B.A., Clark University, 1926; A.M., Middlebury College, 1931; studied at Middlebury, Denison, Paris, and Bordeaux.

HELEN I. BADENOCH
Instructor of Physical Education
Delta Gamma; Mortar Board; B.S., Northwestern, 1923; A.M., Wisconsin, 1932.

BRAYTON STARK
Instructor of Organ
Phi Mu Alpha; Graduate of the Guilman Organ School, New York City; Graduate Work at Eastman School of Music, Rochester University; Associate of the American Guild of Organists; Member of National Association of Organists; A.B., Denison, 1933.

SUE H. HAURY

Instructor in Piano
Graduate of Peabody Conservatory, Baltimore; Student of Alfred Butler, George Boyle, Richard Stevens, New England Conservatory; Mas Landow, Eastman School of Music; Fellowship Student of Olga Samaroff at Julliard Graduate School, New York City; Teacher of Piano at Occidental College, Los Angeles.

DOROTHY DUNN

Instructor in Voice
A.B., Miami University, 1925.

RICHARD WOELLHAF

Instructor in Speech
A.B., Michigan, 1927; A.M., Michigan, 1930; Technical Director, North Shore Theatre Guild, Evanston; University of Texas, Dramatics; Director, Denison Dramatics.

MARY LOUISE RALSTON

Instructor in Education
Ph.B., Denison, 1928; M.A., Ohio State, 1932.

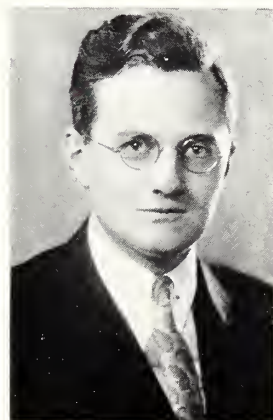

CAROL M. MCNEIL

Instructor in Public School Music
Mus.B., Illinois Wesleyan, 1924; M.Sc., Northwestern, 1930.

HORACE KING

Instructor in Art
A.B., Ohio State, 1929; M.A., Ohio State, 1931.

REGINALD WHIDDEN

Instructor in English
A.B., McMaster, 1925; A.M., McMaster, 1928.

When from the fold, we far shall stray,
Our souls forever young,
With every fleeting breath we'll praise,
Our dear old Denison.

Granville I love thee
Valley and hill
Fondly my memory clings to thee
Clings to thee still.

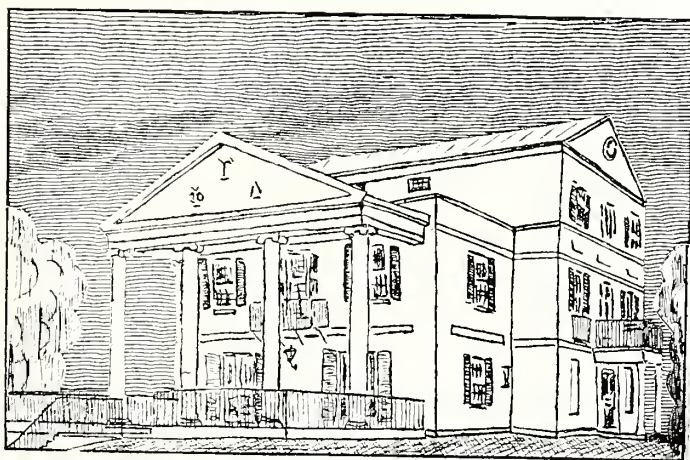

CLASS OF 1935

RICHARD JAMES	President
GLADYS MERCHANT	Vice-President
HAZEL PHILLIPS	Secretary
ROBERT TAYLOR	Treasurer

JUNIOR CLASS

ROBERT ALEXANDER

Beta Theta Pi

Endowed with a practical mind and with the ability to do things well, "Axle" has proved of inestimable worth as Alpha Eta's Treasurer. He also cavorts at end on the Big Red, and is often seen in the parlor at Beaver Hall.

CARLYN ASHLEY

Kappa Alpha Theta

Did something (or someone?) interfere with Carlyn's academic interest in star-gazing last semester? She nearly wrecked a straight "A" record. Seriously, we're obligated to Swarthmore for sharing with us "Car's" graciousness and popularity.

NORMAN ADAMS

A. C. C.

Norm' is preparing for a career in engineering and hopes to find an opportunity in the orient. At present he writes to his parents who are in China and to a certain Billie.

CONSTANCE ADDENBROOKE

Kappa Alpha Theta

There's a general suspicion that Connie's serene and queenly air conceals a genius for being the center of any current "divilment". Her hobbies run to sleigh-rides, baseball, and guppies.

ROBERT AMOS

Cambridge
Sigma Chi

The last of a long line of Cambridge Amoses to grace the campus and the Sigma Chi house. "The Count" is upholding the family tradition in a grand manner. "The funniest man in Denison," Sigs attest, and they should know—they live with him.

BETTY ANDERSON

Kappa Kappa Gamma

Andy is the vice-president of the Women's Athletic Association. She is our choice for the typical all around girl, sounds trite, but oh how true. We would list among her many assets, a sunny disposition, dependability, and that insatiable yearning for knowledge, especially psychology.

RICHARD ASHLEY

Phi Gamma Delta

Dick is one of the select few who does everything well. Not content with straight A reports, he seeks diversion in the Glee Club, and as number one man on Denison's Golf Team.

JOHN ATWATER

Phi Gamma Delta

John plans to be a doctor and is determined to let nothing turn him from his goal—not even Gilpatrick. Consequently he spends a great deal of his time in the Zoology department as an assistant.

VIVA BARTON

Kappa Alpha Theta

Aside from achievements in the Conservatory, and demonstrations of general social ability, Viva's main interest seems to be in indulging in volunuous correspondence with a certain Kappa Sig.

MARIAN BAYLESS

Chi Omega

Marian came to Denison from Cambridge and it did not take her long to accustom herself to school life. Following the example of so many others from Cambridge she soon assumed a major role in activities and offices. She is sadly missed this semester, by a great number of friends.

MARSHAL BICKFORD

Kappa Sigma

Marsh' spent his summer vacations in Granville for some time before coming to Denison. His winning smile and willingness to help have made him a name on the Denison Campus.

JEANNETTE BINDER

Jeannette is another person who tried to atay away but found it necessary to come back. Between her radio broadcasts and her letter writing to Dayton she finds time to study and enter activities.

MAUDE BROOKS

Shaker Heights

Quietly and unassumingly Maude goes merrily on her way about the campus and dormitory. That she is a real friend and always ready to help all will admit—especially Jack.

HERBERT BROWN

Phi Delta Theta

If you are hunting for Bus you look only in the Hut or the Grill, and you find him in one or the other. His serious attentions are claimed by a certain Chi Omega.

ARTHUR BRINTNALL

Phi Delta Theta

Here's the man who was responsible for that good Prom Music. He aspires to become a great mental doctor and is a great lover of dogs. We find that those repeated trips to the dorm "domestique" are not without reason.

EMERT BOWERMAN

Lambda Chi Alpha

Between trips to Stone Hall the tall boy finds time to study and to handle the financial affairs of the Lambda Chi House. Although a student of the first order Emert is no bookworm and is always ready for a bridge game or a "session".

ROBERT CHAPMAN

Sigma Alpha Epsilon

Bob has made his name on Denisons campus with his Basketball ability. Playing forward on Livy's teams for two seasons he has earned the respect of all his opponents.

JOHN CLARK

Sigma Alpha Epsilon

John has distinguished himself as an actor, being invited to join Masquers in his sophomore year. As an athlete John goes in for wrestling in a big way. He is versatile in his abilities and always does most every thing well.

GEORGIANNA CLEMENT

Alpha Phi

"Jo" transferred here last year but she certainly hasn't lost any time in making herself known on the campus. Her interests are varied but the main ones are music and a certain Kappa Sig.

CAROLYN CLIFFORD

Delta Delta Delta

This little girls home town is Ashtabula, Ohio. Her strong point is in debate. Being a member of the Denison girls Debate team, a member of Tau Kappa Alpha, she is noted for her forensic ability. Necessity forced her to leave school soon after the beginning of the first semester and her loss is strongly felt and greatly regretted.

RICHARD COELHO

Sigma Alpha Epsilon

Dick has that rare ability of making friends fast. You usually find him in a congenial mood. Dick is most at home when singing tenor in the Glee Club and quartet or when writing a Denisonian feature or short story.

GLADYS COOK

Beaver Hall offers many opportunities to observe techniques and a hall girl should know. Gladys should be able to write a book on the subject but instead she spends her time majoring in Math and working in the Physic Lab.

ANN LINDA COOPER

Kappa Kappa Gamma

This coed hies from the wicked city, Newark, the den of evil. A girl of surprising ability, petite, piquant, peppy, Linny in among her crowded hours always finds time for her legal duties. Ann Linda, we join with the fortune teller in predicting an interesting life for you.

CHARLENE CUNNINGHAM

Kappa Kappa Gamma

Snooky wangles a mean pen, she's even quite a professional type setter, so we hear, putting in hours of labor at that old Denisonian office, and yet she seems to enjoy it. Snooky, what is the attraction?

WILLIAM DORSEY

This lad's proudest possession was a fine beard of very delicate texture. It was thought by some that he intended to run a race with Rip Van Winkle however he apparently was forced to relinquish the crown before he had won. He is noted for his frankness and outspoken friendliness.

PAUL EBAUGH

Beta Theta Pi

The diminutive Bump is another of that vast tribe of town boys. The fact that his father is the head of the chemistry department fails to detract from his mischievous inclinations, and he is well liked by all. He aspires to engineering.

MURIEL DETWEILER

Alpha Phi

A very dainty package you'll have to admit but it certainly contains a lot. Beauty and brains make a new combination but Muriel gives us that and personality plus.

CAROL DORR

Alpha Omicron Pi

This girl's specialty is activities. She would not be a true A. O. Pi otherwise. Along with her studies and her activities she still finds time for extensive social curriculum and her winning smile has won many friends to her. Here's wishing you luck Carol.

FRANCIS DOUGHTY

A. C. C.

In spite of a heavy lab schedule with test tubes, microscopes, dissected cats, and other Pre-Med trappings, "Fran" finds time to give a baritone support to the varsity quartet.

MARY DOUGHTY

Chi Omega

When Burton Hall freshmen began asking questions, Mary was their salvation, and she also knows the answer to what is wrong with Wib's heart. Perhaps she'll even have a remedy for keeping candles lit for serenades on windy nights.

MARTHA EDDY

Kappa Kappa Gamma

Marty, don't you know her, that slim brunette who lives on Elm Street? A social light, well, one can't deny a certain flare for parties, but—and here we pause, the books are not utterly neglected. Meet the butterfly with brains.

JACK EVANS

Beta Theta Pi

The Bush man's activities form a string as long as the longest strand of his curly brown hair. Incidentally that curly brown hair has secured for him a place in the heart of more than one Denison Co-ed.

SHIRLEY MAE EVANS

Tri Delta

Shirley Evans, petite and bright-eyes, she has that daintiness that makes her look always just freshly dry-cleaned and pressed. She bestows her attentions equally between Phi Deltas and Tri Deltas.

DONALD EVERITT

A. C. C.

This boy came to Denison from Lancaster, Ohio, and soon took his place in campus life. Although Don is quiet it is known that he can be very lively on occasions and is always a good one to have a good time.

JEAN EWELL

Chi Omega

Balanced meals and balanced accounts seem to be Jean's theme. She is also able to balance her time so that she can attend Orchestras, Student Gov't., W. A. A., and Y. W. C. A. and do a little studying on the side.

TOM FERGUSON

Phi Delta Theta

Tom came to Denison from Alabama and soon proved his worth on the athletic field. Elected to lead the big red football team next year he has proven himself the outstanding football star in school. Good luck to you next year Tom.

DORTHY GRIFFITH

This is another of that large number of Newark girls. It is impossible not to like her. Her winning smile and quick friendliness along with a bubbling enthusiasm for whatever she may be doing have won her the regard and respect of many on the Denison Campus. We wish there were more like her.

RICHARD HARMAN

Upper Sandusky

Sigma Chi

"Dick" is the fastest parcel of basketball machinery Upper Sandusky ever turned out. Student Government, Blue Key prexy, Y. M. C. A. cabinet, are only a few of his activities. And he's still loyal to the girl back home.

MARY NELL GRIFFIN

Tri Delta

Mary Nell Griffin's wit and humor are the best in town and she's never known to let you down. Although not a track star, Nell is usually running—either a W. A. A. stunt, a W. W. committee, or the Tri Delta pledges.

THOMAS HAGE

Phi Gamma Delta

The boy who whispers so softly that it cannot be heard over a mile and a half, is much engrossed in being business manager of the Denisonian. His other important work is done chiefly in an uphill Dorm.

BEE HARPER

Delta Delta Delta

Quiet, shy, and yet friendly when approached Bee has made herself known on the Denison Campus. Being a good student and an excellent friend has made her very popular with her group of friends.

THELMA HARRISON

Tri Delta

Demure Thelma, behind her Janet Gaynor eyes and smile, is a charming, feminine little creature to have about. Kenyon holds a singular (masculine) attraction for her, but certain Denisonians seem interested too.

CHARLES FREDRICHSON

Beta Theta Pi

After the Putty beak was created the mold was lost. There never was one like him and never will be. He is a leader in the Fraternity on the campus, and in the dormitory. Though he hails from Ohio, Wisconsin is a second home to him.

MARJORIE GAGE

Alpha Pi Delta

Marge is an especial friend to all Freshmen in Stone Hall. She is well known for her participations in Y. W. C. A., Eta Sigma Phi, Spanish Club and Women's Pan-Hellenic Association. In her spare time she manages to make about thirty points a semester.

JOHN GIBBUD

Beta Kappa

John entered Denison this fall for the first time and soon succeeded in making many friends on the campus. A good student he succeeds in making himself noticed on the intramural field.

OLIVE GAULT

Youngstown

This year Olive put that Beta Kappa pin out in the open and has inhabited the hut when lessons haven't interfered. Still she finds time to make many friends around the dormitory.

CHARLES GREENLEE

Sigma Chi

La Grange

"The Judge" is one of the slipperiest halfbacks ever to wear a Denison uniform. Occasionally he takes time out to "educate" a frosh co-ed. His worst offense was introducing Denison to LaGrange prodigies.

PATRICIA GIBBS

Kappa Kappa Gamma

Pat hails from Columbus. She's the girl with the inconstant car, when you think she has it, she hasn't, and when you're pretty sure she hasn't there it is. In listing Pat's activities, we would put, last but not least, Kenyon.

JOHN HATCH
LaGrange
Sigma Chi

Johnnie came to us this year from that famous Lyons Township Junior College of LaGrange. Ask him to tell you how they did things there. He experimented with several co-eds and then announced he was cured forever.

CHARLES HELFRICK
A. C. C.

Chick is the schools premier cornetist and spends his spare time in orchestra work. We would not be surprised to hear him playing with Whiteman some day.

WOODROW HAYES
Newcomerstown
Sigma Chi

"Wayne," "Baby," "Punch Drunk," and "Hero" are only a few of the titles Newcomerstown's only gift to Denison has earned for himself. If you haven't read about Woody in the newspapers, well, you just aren't well read.

DOROTHY HARTSHORN
Cleveland Heights
Alpha Omicron Pi

Being an artist of note it seemed right that Dorothy should make the plans for the Prom Decorations this year. Besides being artistically inclined Dotty is an excellent secretary for W. A. A. and a splendid rushing chairman. We suspect that her heart beats much faster when Cliff is around, are we right?

FRANK HOLLINGSWORTH

Quiet and Unassuming this boy makes his way about the campus without much of a stir. An excellent student he is expected to be a great success in later life. Good luck Frank.

HELEN HESS
Ashland
Kappa Alpha Theta

We ought to wish "Hessie" back here with us, but we don't. We'd rather be in Bermuda with "Hessie", to "divvy" up on the fun. At any rate, we all miss her.

DORTHY HOOPER

Chi Omega
Dorthy came to Denison from Cleveland and added one more to the vast Cleveland horde already at Denison. Confining her interests to a certain Sig Alph, she found life at Denison very agreeable. Leaving at the end of the first semester this year she left a host of good friends behind her.

RUTH HOWELLS

Who's more dependable than Ruth? Maybe that's the reason people ask her to do so many things. Ruth's smile and friendly way just naturally make you like her. Don't they?

RAYMOND ISENHART
Dayton
Phi Delta Theta

Phi Delta Theta's "Little Caesar" is probably one of the best all round intramural athletes in school. Quiet and unassuming, he performs his duties as head waiter at the Phi Delt house with exactness and efficiency.

MILDRED HUDSON
Lakewood
Alpha Omicron Pi

Millie is one of those people who can be a friend with everyone and still enter into sorority and athletic activities with a vim. For two years she had a great interest in the Spanish Club along with an undying love for art—. Just ask the freshmen about the noise when she is proctor.

NAN BETTY JACKSON

Kappa Kappa Gamma
Nan is another member of that famous Kappa trio and her vocal ability will be sorely missed next year. Her leaving at the Mid semester has left a certain Sig Alph pretty much in the middle of a desert so to speak.

MARION HUNDLEY

Beta Theta Pi
Several weekends during the past winter Marion has hurdled to the metropolis of Ohio, but this coming cinder season will find him hurdling for Livy and Demson. Lee is another town boy, but we can't hold it against him.

RICHARD JAMES

Newark

Phi Delta Theta

Late hours are the obsession of this energetic Phi. His list of activities would cover a good sized bill-board. He is really quite natural, though, as the brothers have discovered, because of some of his awful practical jokes.

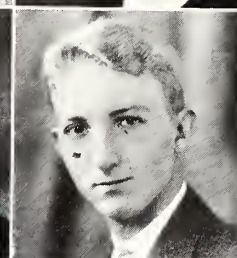

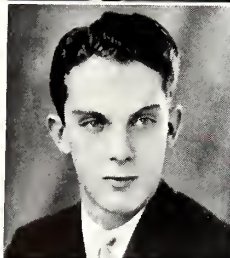

RICHARD KIMBALL

Madison

Phi Delta Theta

For a mysterious reason Dick has been corresponding with one of the fair coeds at Oregon this year. Rumor has it that she is one of the famed twins who was in attendance here last year. Perhaps his crooning entranced her.

DORTHY JETTER

Dorthy's home town is Sewickley, Pennsylvania and her Dormitory is Stone Hall. Her sunny smile and cheery disposition make her friendship sought after.

HELEN JONES

Alpha Zeta Delta

Helen's big brown eyes and winning smile make many friends and the girls are always in her rooms. History is her favorite subject, but she enjoys golf and country club life most of all.

MARJORIE JUMP

Martins Ferry

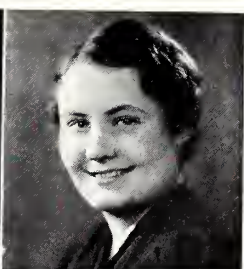

Alpha Omicron Pi

Everyone who has called at the red brick this year knows "Marj" and her "all out" will not soon be forgotten. When there is any fun or any trouble you will find her there to do her best. Which one is it?

HARVEY KLUNDER

Beta Theta Pi

Though not recognized as a Mechanic the worthy blond courtster has been seen cruising around the campus with a bright red Ford. In campus affairs he seems to have his nasal appendage firmly rooted.

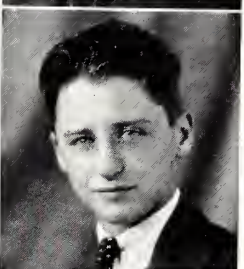

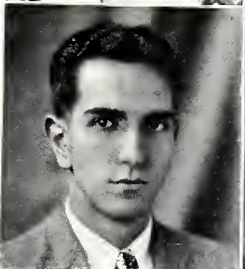

ANTOINETTE LANDRUM

Chi Omega

Attending meetings of W. A. A., Y. W. C. A., and W. S. G. A. keeps Tony rather busy. In the summer time we find her W. A. A. enthusiasm carrying over to a camp counselling where she inspires young campers with words of wisdom and bits of philosophy and poetry.

BETTY LAMONT

She can sing, she can play the piano, and she can make an organ talk. She's a quiet, unassuming miss but at the most unexpected times she brings forth the most pleasing surprises for all.

ROBERT LEITCH

Cleveland Heights

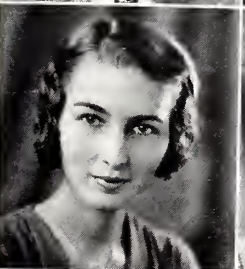

Phi Delta Theta

Bob has proved to be a valuable asset to the college by keeping the "Econ" department well supplied with at least one full time student. When he is not solving the financial problems of the country he manages Livy's trackmen.

ADRIAN LANNING

Sigma Alpha Epsilon

"Adi" is one of those few who can use their voices to advantage. While singing in the Glee Club regularly, he has also been a member of a local trio which has won honors here and there. He likes bands also, being a musician himself.

JEAN LINDSTROM

Evanston

Kappa Alpha Theta

May we present in print the fair member of that famous Prom Committee! In three years Jean has collected enough activity, scholastic, and social honors to last a life-time. (P.S.—Call her Irish!)

ROBERT LOWRY

Chicago, Ill.

Sigma Chi

"The Deacon" finally found his forte as social chairman at the Sig house this last year. Also, as steady companion for Betty Lou. "Deac's" interest in flowers runs to Sweet Peas, and thereby hangs a tale.

MARTHABELL McCLURE

Tri Delt
Martybelle McClure is small and smiling and easy to get along with. Basketballs, especially those from Otterbein, have a great significance for her. Martybelle's "Ken" gallery cannot be excelled.

WADE McKEE East Cleveland Phi Delta Theta

Although far famed for his Garbo eyelashes, Wade has made quite a name for himself as the Candy Baron of Denison. He is studying in the modern language department and between times he spends his time on the Newark Road. Why?

WILLIAM McBRIDE

Phi Gamma Delta
Bill is another Chicago boy who lost himself in the big city of Granville. His pin rests snugly on a sophomore Theta, and yet he says he looks forward to the long warm days when he can go swimming.

RUTH McBURNEY

Chi Omega
Ruthie likes sewing parties, bridge games, and Lambda Chi's—if they're tall and blond. She is responsible for the success of all the Chi Omega parties and prefers blue lights to amber ones.

DAVID McKECHNIE

A. C. C.
As manager of the varsity quartet, "Dave" hopes to bring fame to the Boy's as a Radio Quartet. Weekends usually find him trotting around the state with the quartet or the gospel team.

JEAN McCRAE

This quiet girl hails from Cleveland and stays in town with Professor Deweerd. Her main interest in school seems to be centered around a certain Commoner.

ELIZABETH MADILL

If you want to find her you will usually look for her at the Denisonian office as she spends most of her spare time there. Having aspirations toward journalism she gives promise of making a great success.

IRA MARTIN

Lambda Chi Alpha
Never happy unless he is behind the wheel, this man spends most of the time in his Buick. Although a Lieutenant in the Army reserves and a dead shot with a rifle his life is spent in peaceful pursuits.

REBECCA MATHEWS

Mt. Gilead
Alpha Omicron Pi
Living with a student government president may have its faults but she manages quite well even when it comes to those pledges and— She is a real friend, a true leader and a student. Congratulations.

ROBERT MARVIN

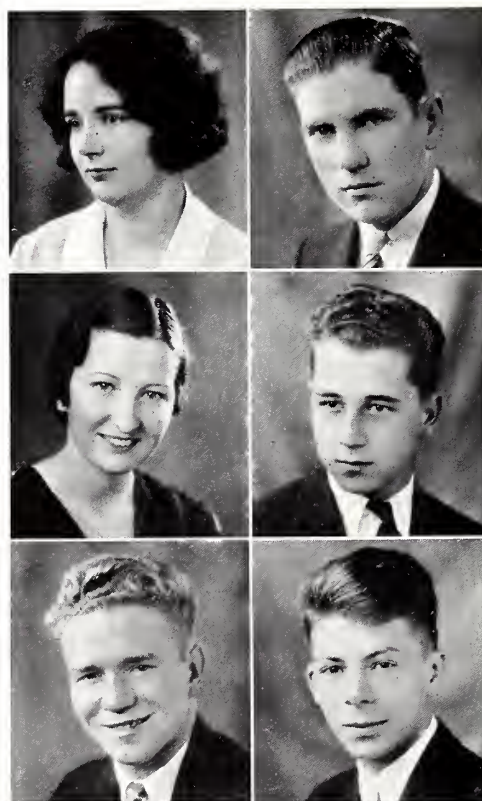

Phi Delta Theta
Bob's mischievous countenance always greets visitors to the house on the hill. Known for his fun loving trait he is also prominent as an actor having made Masquers this year. Can you imagine Bob being a minister?

MATHEW MAWHINNEY

Kappa Sigma
Bus entered Denison from Pittsburgh and his winning smile and willing ways have made him a well liked companion to all. Playing blocking half for Coach Rich last year he earned his letter and hopes to do big things next year.

KENNETH MAXWELL

Kappa Sigma
Kenny is the Kappa Sig activity hawk. This boy has more activities than anyone knows what to do with. He is also a member of Denison's gospel team and acts as a mainstay of the Denison Debate team.

SALLY MENAUL

Worthington
Kappa Alpha Theta
Theta's symphony in auburn, who recently completed a brain trust merger with a certain Fuji. Size? Inconsiderable. Age? Incomprehensible. Charm? Incomparable.

ALBERT MITTENDORF

Lambda Chi Alpha
Al started something new by being elected president of his fraternity in his sophomore year. Although reserved and unassuming his quiet friendliness has made him many acquaintances. Upon graduation from Denison he plans to enter Law school.

GLADYS MERCHANT

Indianapolis, Ind.
How Gladys can attend every important committee meeting, achieve scholastic distinction, and always look as though she had stepped from a band-box is a mystery. As an avocation she maintains a vested interest in Phi Delta Theta.

JEAN MOORES

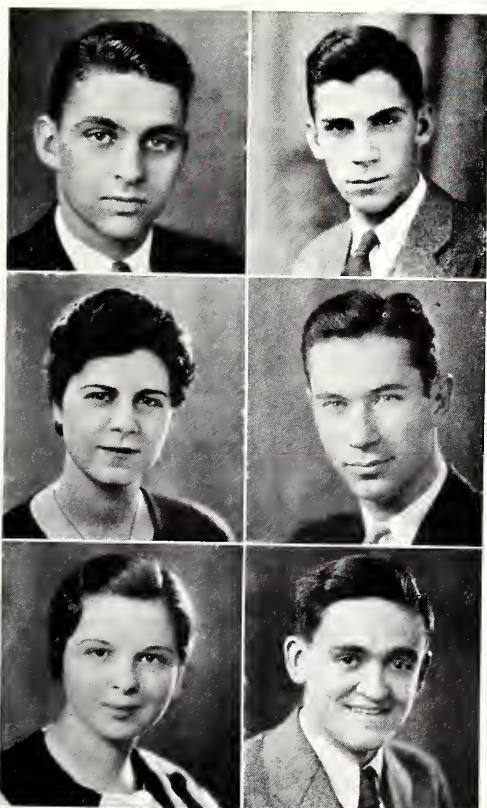

The South called Jean at semesters but we all hope that she'll be back next year. She was always willing to help you out and if her car was needed that went with the bargain.

JOHN MONTGOMERY

Phi Gamma Delta
After two years of hard work, Monty now proudly sports a big D sweater, because he was manager of the basketball team. In weak moments he can be found trying to balance accounts.

CLINTON NICHOLS

Lambda Chi Alpha
Clint was one of the boys who helped Lambda Chi win the Scholarship cup. This man has the rare ability of being in addition to an A student, a leader in intramural athletics. He plans to be a lawyer and from all indications should be a good one.

JOHN OLT

Phi Gamma Delta
When John's books started to accumulate dust, many were surprised. But if gentlemen prefer blonds, then John is certainly a gentleman. The dusting is now done after ten P. M.

SAM NICOLA

Sigma Chi
For the past three years Sam has been one of Denison's most dependable stars of the cinder track. His specialty is the half-mile. In femininity he prefers LaVerne but finds the 150 mile span between here and Cleveland an obstacle.

ESMAH ORCUTT

Chi Omega
Esmah's big crime is to keep Denison co-eds in the straight and narrow and to wield the mighty mallet at association meetings. She is a first class traveller, what with debate tours and conventions in her repertoire. W. A. A. also holds a part of Esmah's attention.

JOHN OSMOND

Phi Gamma Delta
Durante's rival is very musically inclined. Besides managing the Glee Club he plays the fiddle in Beaver (although we can't decide what number). He plans to be an M.D. in ten or twelve more years.

CHARLOTTE PATTEN

This little girl hails from Newark and her big Green Buick may be seen each morning wending its way up the drag. Quiet and yet friendly she is a true Denisonian.

DALE PARR

Lambda Chi Alpha
Dale spends most of his time in the chemistry cottage solving unknowns. When not working under Dr. Ebaugh's direction he may be found puttering around his car. Dale has the knack of changing tires down to a science.

MARY ELLEN ROBINS

Tri Delt

Pride of Cambridge, Mary Ellen is equally famous as a campus beauty. She keeps up with the speediest of conversationalists and is no end of entertainment when the girls get together.

DAVID RAILSBACK

A. C. C.

Dave came to Granville some summers ago as a member of the Ohio Baptist Assembly and has been here off and on ever since. He aspires to be a minister and should make a good one.

DORTHY PAYNE

This girl specializes in Chemistry and may be found at odd hours in the Chemistry Lab helping Freshman or working unknowns. The only girl to specialize extensively in chemistry last year she has made a singular success of it.

LUCILE PERRY

Alpha Omicron Pi

Sue holds the New all Denison record of attending more committee meetings than anyone else. Always willing to help and to do more than her part will make Sue an Ideal W. A. A. President. We are all Jealous of the way she does everything and still makes high grades and is a social light.

HAZEL PHILLIPS

Sharon

Kappa Alpha Theta

Betty Boop with an affinity for Physics and Calculus! A bad case of D. B.'s hasn't impaired her infectious giggle. Hazel's most distinctive trait is being where she's needed at the proper moment.

EDWARD REESE

Lambda Chi Alpha

College life took on a new meaning for Ed upon purchasing a model T Ford. After much consideration he decided upon medicine as his life work. We predict that he will be a success.

VIRGENE ROE

Chi Omega

If you want the psychologist's opinion of why Henry, the mouse, confines his activity to one room, or why you dream those beautiful dreams . . . ask Virgene. And when you want to hear about a curly haired pianist or a certain struggling politician, drop in . . .

EILEEN ROBERTS

Granville

Kappa Alpha Theta

Our super-stylist has again gone collegiate. Smile and manner may be disarming, but we're forced to admit that she's both capable and versatile. Is it your cooking which tames those Betas, Teasy?

IDA VIRGINIA ROUDEBUSH

Tri Delt

Seldom is there a ballot without the name of "Roudebush". Ida will never have that humiliating experience of the first failing batch of "sinkers", for supervising Tri Delt Sunday night suppers has given her plenty of kitchen experience.

NAOMI ROSENFELD

Youngstown

Do you ever want your lessons done, find a book, hear a joke, go down town, or hear about the famous Kelih? Just look for a demure little miss from Stone who is always at your service if Mohr doesn't interfere.

ELIZABETH SCOTT

Cleveland

Last year "Scotty" found that she couldn't stay away so back she came. Everyone was glad as was evidenced by the path that was worn from the red brick on the hill to the "coop". If you want a good meal invite yourself to Gilpatrick when "Scotty" is cooking.

MAX RUSSELO

A. C. C.

There are few who surpass Max on the stage. The making of Masquers was a certain event with him. A jolly companion and a good student he has made a place for himself on the Denison Campus.

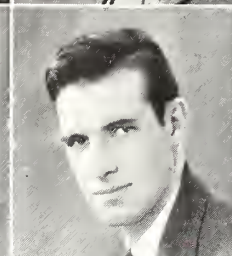

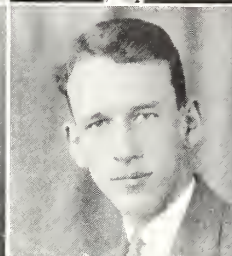

MIRIAM SEARS

Alpha Omicron Pi
Her ability and her willingness to work have earned Miriam the respect of her fellow students. Handling the editorial duties of the Adytum this year she has done her work promptly and well, and although her interest is mainly centered in town finds ample time to study.

ELOISE SMITH

Red is another town girl and has proved her metal in the efficient way in which she performs her duties. Quiet and unobtrusive she yet makes her presence known by her easy efficiency, and her willingness to aid in any way she can.

EDWIN SENHAUSER

Sigma Alpha Epsilon
Aspirant to become a wearer of the D, Eddy earned his letter as cross country manager. He has a smile for everyone and likes horseback riding or motorcycling—the latter specialty proving to have its own difficulties.

RAY ELLIS SHILLING

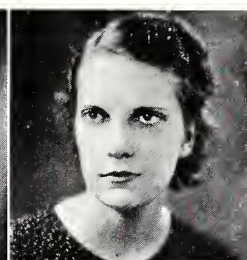

This boy came to Denison to get an education and he is certainly getting it. An excellent student as well as an agreeable companion he is well liked by those who know him.

EDWARD SMITH

Beta Theta Pi
Smitty has a weakness for blonds, it seems, and apparently some have a weakness for him. A brilliant student and a pleasant companion, Ed will some day be a great Engineer.

MILLER SHOOP

Beta Theta Pi
Miller's kindly eye rests benevolently on several members of the fair sex, and his pleasing manners and ready wit win a place for him in the esteem of all who know him. He kills time in the Chem. Lab.

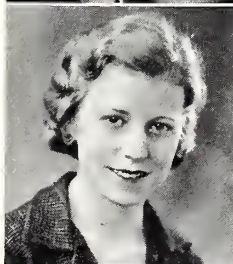

GLENNA SNAPP

Here is Denison's brain trust herself. Making straight A for one semester is hard enough but making straight A for five semesters is a great achievement. Congratulations Glenna.

HESTER SNIDER

Alpha Zeta Delta
Hester came to us this year from Goucher and are we glad? She is one of those quiet sensible girls who are well worth knowing. Her main interest is in a certain Sig Alph.

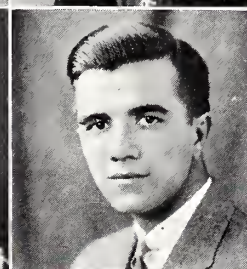

LOIS STARKY

This is another of those famous Gilpatrick girls and her home is in Ravenswood, West Virginia. Efficiency is this girl's motto and she is noted for it.

VINNIE STAHL

Ashland
Kappa Alpha Theta
It's hard to remember that Vinnie's a transfer (from Western Reserve). She has become an all-round Denisonian, with a flair for making friends (and happens to prefer the three-star brand).

MARGRET STOKER

Kappa Kappa Gamma
Marg left Denison at the end of the first semester and her vocal ability in trios and the glee club will be sorely missed. Although we miss her we want to wish her well in her work in another place.

RICHARD STOCKWELL

Beta Theta Pi
Richard is another who left school at the end of the first semester and Livy will surely miss his pole vaulting this spring. Dick proved his strength in last year's track season and much was counted on from him this season.

CHARLES STULL

Granville

Phi De ta Theta

With the publication of this Adytum Charley makes his great contribution to the University. He has handled the duties which go with editorship efficiently and capably thereby earns his place in our hall of fame.

ROBERT TAYLOR

Kappa Sigma

Robert entered Denison with the firm determination to win what so many other "Home" boys had done before him, his D. This year Robert succeeded as a member of Livy's strong cross country team. In addition to being a track star Robert is also a genius with the books. We predict a great future for him.

ELIZABETH STROSNIDER

This girls quiet demeanor and clever ability make her a friend to be desired. She is never so happy as when she is doing an accounting problem or writing out business law cases. The Economic department would be lost without her.

MARIE TALBOT

Kappa Kappa Gamma

Introducing Marie, that demure lass from the South, "just as pretty as a picture, and as sweet as she can be". Marie has had good training in housewifing, with those big W. A. A. banquets and oh so many chapter suppers. Seldom do we find such efficiency and grace combined, in a cook who can dance, and a dancer who can cook.

ELIZABETH THOMAS

Alpha Phi

"Tommy" lives in town but that doesn't seem to hinder her. She can make the A's, have many friends, successfully keep treasury books straight, and keep her Beta coming back to Granville for week-ends.

LELA THUMA

Lela goes in for music and trios in a big way. What would the String Trio and Glee Club Trio do without her? Lela has many friends and all of them will tell you that she's true through and through.

BETTY VEALE

Kappa Kappa Gamma

Betty, known to Gamma Zi as "Grandma" is a charming hostess with her smile, and simple poise, also the gift of bubbling conversation. She is one of those unusual people with the brains and beauty combination—a scholastic who yet has time to eat her piece of social pie.

JULIA UMSTEAD

Alpha Zeta Delta

This smiling lass left school at the end of the first semester and she will be sorely missed. Her cheery hello and happy smile will cause many to remember and admire her even though she is not here as a present reminder.

MILTON VOLKENS

A. C. C.

Milt looks forward to a career in engineering but his immediate ambition is to see the world before he gets married. He finds that as an indoor sport arguing with Dr. Titus is unsurpassed. We hope Milt will get to see that Cape Cod "mere Maid" this summer.

ELLEN WADSWORTH

Ellen is a whiz at languages so watch your step. She must know all of them or none. She's a willing worker, a good sport, an excellent student, and from all indications she's bound to succeed in whatever she does.

MILDRED ANN WARE

"Just call me Sally" is one of those Conscientious mortals who does more than her share and does it well. As a hall girl she has proved her metal. Good luck.

LUCIAN WARREN

Phi Gamma Delta

Even Denison's Co-eds can't make Lucian falter. He still is writing and receiving letters from Tiffin and spends his evenings in intellectual pursuits. He works on the Denisonian to try to forget.

GROVER WICKENDEN

A. C. C.

Wicky is another transfer from Crane College who immediately found his place in Denison student life. "Wickey" is preparing for some form of Christian service and serves as president of the C. Y. P. U.

DORIS WOLFE

Tri Delt

Doris Wolfe is one of those quiet girls who surprises you with a snappy remark at the right moment. Her time this year has been devoted mostly to supervising Freshman brother Al and reading her mail from Chicago.

HAROLD WILEY

Granville

Phi Delta Theta

That awful wailing noise which arouses the quiet of this peaceful town is not the torture chambers of the jail but only the moaning of Wiley's slide-trombone. In his spare time Harold straightens out the affairs at the Book Exchange.

JAMES WINBORN

Beta Theta Pi

This diminutive halfback's oriental features earn him the nickname of Fu. A fast clever ball carrier, he will prove a definite asset to the Big Red aspirations next fall. Meanwhile he burns up the cinder track for Livy.

JANE YOUNG

Granville

Kappa Alpha Theta

Jane is one of those capable people who do so much so well. We all look at her list of activities and wonder just where she finds the time.

CARL ZIMMER

If you want to find Carl just look for him behind the counter of Casey's or in Barney Science. What is it going to be Teaching or decorating? He is a willing worker and does not seem afraid of it.

Granville, I love thee
Present and past
While time endures this love
For thee shall last.

JUNIOR HISTORY

Nearing the close of their third year the Junior class points with justifiable pride to the enviable record they have compiled since enrolling in Denison. Scarcely a month after they had entered the university they served notice to the upper classes that they were potential leaders when they defeated the sophomores in the annual Scrap Day classic. In their freshman year they elected as officers, Dick Ashley, president; Constance Addenbrook, vice-president; Marjorie Spellman, secretary; and Walter Rogers, treasurer.

In their sophomore year the class continued to show its capabilities. Once more they were victorious in Scrap Day, this time defeating the class of '36. That same year they won the interclass baseball games in the spring. Thus they have kept their interclass athletic record unmarred by defeat. In the same year the class sponsored a successful sophomore dance at the Inn in celebration of the inauguration of President Roosevelt. As sophomores they elected John Osmond, president; Patricia Blasdel, vice-president; Muriel Detweiler, secretary; and Dick James, treasurer.

At this time the class began to show prominence in various campus organizations. Members of the class of '35 earned varsity letters for participation in intercollegiate athletics. Thirty-one of them the previous year had been admitted to Phi Society, and in their Junior year two of these made Phi Beta Kappa. They invaded the fields of dramatics, journalism, and forensics.

Their Junior year was marked by their publication of the Adytum under Charles Stull, editor, and Jack Evans, business manager, and by their staging of the annual Junior Prom, biggest Denison social event, of which Jack Evans was chairman. The latter, always a colorful affair, was this year one of the most successful in the school's history. Junior officers were: Dick James, president; Gladys Merchant, vice-president; Hazel Phillips, secretary; and Bob Taylor, treasurer.

And now, on the threshold of their senior year, the class, having elected Jack Evans, president; Carolyn Ashley, vice-president; Mary Ellen Robbins, secretary, and Kenneth Maxwell, treasurer, looks forward to the happiest and most eventful year of their college careers.

Way down among the Licking Hills,
There is a place my memory fills,
And my heart with rapture always thrills,
When I think of Denison.

FRESHMAN CLASS HISTORY

The Class of Nineteen thirty-seven last no time in shawing that they were as spirited a group of freshmen as ever trad the Denisan campus. They started aff with a bang by taking aver the sapha- mares in the traditional Scrap Day fracas. They also came aff well in the unafficial clash on the eve of the great day.

This year the freshmen, urged by the "D" Association, were unusually canscientiaus in wearing their white frash caps. As a special reward the "D" assaciation allowed them to throw away the offensive caps at the beginning af spring vacatian, something that has nat been dane far several years at Denisan and which reflects advantageausly upan the class af thirty-seven.

In a spirited campaign, with speeches, Ja ("Buck") Austin was elected president unanimausly. The ather officers were: Betty Gelfine, vice-president; Betty Barnes, secretary, and James Cax, treasurer.

The class furnished same first rate athletic teams. There was an unusuall large turnaut for freshman faatball. In basketball, the freshmen aften made the strang varsity look bad, although they very seldam beat the Big Red regulars. In Track, Baseball and Crass Cauntry, there will be same first rate material ready far the Big Red next season.

ATHLETICS

CLEVELAND HALL

Nestling down among the Licking Hills, Cleveland Hall has served for years as the Denison Athletic center. The Scene of many an exciting court battle it was supplanted a few years ago by the Wigwam as the basketball floor for inter-collegiate contests. Although not used now for official contests it still maintains the tradition of its former days and still serves as the Denison Athletic Center.

HISTORY OF ATHLETICS

Ever since the founding of Denison University in 1831, athletics have played a very important part in campus life. However, it was not until 1902 that the college first acquired an athletic field through the donation of Beaver Field by Mr. F. P. Beaver, a member of the Board of Trustees.

Beaver Field was one of the first athletic plants to be acquired by an Ohio college and for many years has witnessed many Denison athletic contests.

In indoor as well as outdoor activities, Denison men have been very active. Cleveland Hall, containing the men's gymnasium and swimming pool, was built in 1904 as the gift of certain Cleveland benefactors. Old Beaver field was abandoned as far as college athletics were concerned in 1922. At this time, Colonel Edward A. Deeds of Dayton made possible the acquisition of Deed's field including the present stadium and training quarters which constitute one of the most beautiful and most complete athletic fields in Ohio.

The Denison intra-mural system which was introduced several years ago has been a source of keen enjoyment to Denison men and which has been widely used as a model of interfraternity athletics.

Denison has long had an excellent physical education department particularly in leadership. The college is fortunate in having an athletic program which reaches every man and woman in the college and includes a large variety of sports.

Professor Walter J. Livingston, director of Athletics, and coach of Basketball and Track. "Livy" is a prominent figure on the campus, dean of Ohio basketball and the directing force in Big Red athletics.

Thomas Rogers

Sidney Jenkins

DENISON TRAINERS

Denison's Trainers are a conscientious group of men who put in long hours with but little reward. A Managership of one of the Big Red Varsity teams, football, basketball, track, baseball or cross country, the Varsity "D" award and of course membership in the "D" Association is the ultimate goal of the Trainer.

The trainers are largely men, who have an earnest desire to serve Denison in the field of athletic contest, but who are not qualified to actually compete. By serving as trainers and finally as Varsity managers they are able to gratify their desire and to make a genuine contribution toward the advancement of Denison athletics.

MAXWELL
HELFRICK

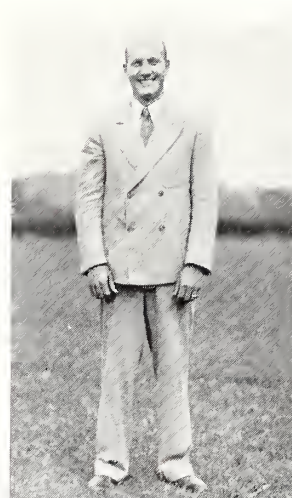

DENISON CHEER LEADERS

An important trust rests in the hands of our cheerleaders—that is the maintenance, the nurture, the kindling of that frail substance, school spirit. This year, there can be no complaint with the way our cheerleaders discharged their obligations. Not only by their presence at all the games, but by constant effort, have they endeavored to keep up an active interest in the Big Red teams.

Although their attempts did not always meet with the necessary approval and co-operation, the cheerleaders organized several Pep Meetings during the football season which helped in no small way to create a zest for the coming games.

Especial recognition is due to the head cheerleader, Ralph Helfrick for the capable way in which he handled the squad. Next year's leader James Otis had much to contribute by way of experienced suggestions, while Kenneth Maxwell and Richard Nueschel have an excellent record of service during the past athletic seasons, as assistant cheerleaders.

George Rich

''D'' ASSOCIATION

Professedly abhorring women, "powder puffs" and dancing, Denison's exponents of manhood unadulterated, hold the coveted position of unofficial disciplinarians to each year's crop of frosh. Backed up by their insignia, the varsity "D", these men possess the authority to mold the opinions of Denison men (and women it is whispered) to a great extent.

This year's "D" men, headed by Herb Winsor, initiated eighteen new members, after the traditional day of parading about the campus in grotesque garb followed by serenades held beneath the dormitory windows where each neophyte performs to the enjoyment (?) of feminine listeners.

Being especially adept at manipulating the paddle, as numerous oft-persecuted freshmen will agree, managing well attended All-Denison dances and guiding Denison athletics with a more than ordinary zeal are a few of the colorful contributions which this organization has made to campus life.

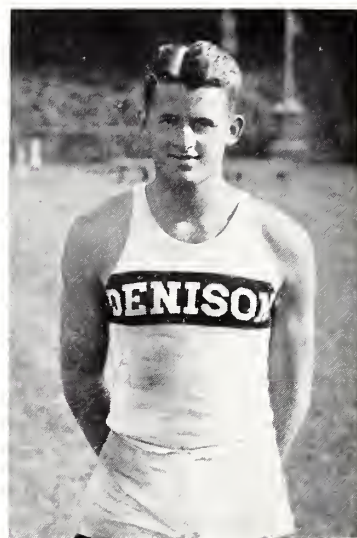

"D" ASSOCIATION

Top Row—Mowhinney, Foster, Wolker, Senhouser, Lorimore, White.

Third Row—Dex, Gordon, Ashbrook, Klunder, Bickford, Roilsbock, Robins, Nicolo, Roberts, Scheetz, Hemmingway, Rupp, Bocon.

Second Row—Blum, Montgomery, Winborn, Hoys, Hormon, Furgeson, Campbell, Woxmon, Chopmon, Hundley, Border, Alexander.

Bottom Row—Borth, Movon, Henry, McConnel, Windsor, Show, Watkins, Jensen, Espey, Helfrick, Greenlee.

Herb Winsor
Pres. "D" Association

The Denison Band is an important part of every football game. Shown in front of the organization drawn up in marching formation before the stands, is Paul Collyer, student drum major.

Rolph Helfrick, veteran cheerleader, who this year won his Varsity "D" award for service as head cheerleader.

THE DENISON BAND

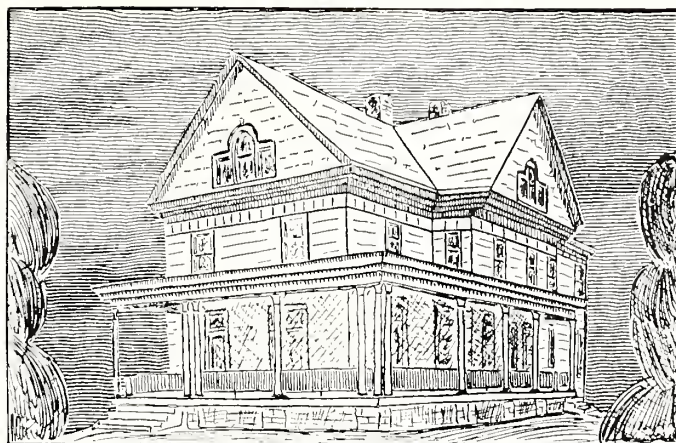

This year the Band started its season with thirty members about half of whom were in the band last year. Weekly practices were held under the direction of Charles Shauck, student instructor, and Sam Gelfer, faculty leader. In this way the quality of the repertoire was noticeably improved. During the football season the Band drilled in marching formations, under the leadership of Paul Collyer, impressive drum Major.

The Band made the trip to the Wooster game with the football squad, and appeared favorably in contrast to the larger Wooster band. The organization also played at the Granville High School homecoming and led the parade preceding the game.

During the early part of the basketball season, the Band played at every home game and made the Wigwam ring with its distinctive music.

Granville I love thee
Thy skies so bright
Bring back as years pass by
Naught but delight.

F O O T B A L L

Ed Spear

Charles Campbell

John Hauser

"Butch" Henry
Captain

Denison's Big Red football team started the season by losing 13-0 to Findlay in a game marked by "Fat" Campbell's punting and "Hub" Foster's ball carrying. Warm weather slowed up the game considerably, and although the Denison line constantly charged hard, enough to block one punt and come close to spoiling many more, the final punch was lacking and three scoring chances were missed.

In a game made almost ridiculous by the number of penalties incurred the Big Red was beaten by Case 27-0 at Cleveland. Scores of Denison alumni and students saw their team forced back time and time again by penalties which eventually were instrumental in giving Case three of their four touchdowns. Time and time again the Big Red held the strong Ohio Conference champions to two or three downs only to be forced back on offside plays or for roughing

the ball carrier. Alexander, who was called back to do most of the Denison passing, showed up exceptionally well.

Playing Wittenberg in a homecoming game at Granville in their third tilt of the year Denison completely outplayed the Lutherans in the first quarter only to fall victim to the passing attack launched by the visitors early in the third quarter. The Big Red eleven made nine first downs to Wittenberg's eleven but the brand of football that was displayed by Coach Rich's team clearly showed that they were the better club.

After a first half marked by listless playing on both sides Denison entered the second period of the Otterbein game and by taking advantage of every break presented to them smashed their way to two touchdowns before the game ended. The win over the Otterbein eleven marked the first Denison football victory since the Oberlin game of two seasons

Woody Hayes

ago, the first victory of the season, and the first decision taken by Denison over an Ohio Conference opponent since entering the loop in the spring of '33. Foster's ball carrying was the outstanding feature of the game, scoring both times on lateral passes around the end.

Displaying a fighting spirit but unable to cope with the superior playing of their traditional rivals, Denison lost to Wesleyan 20-0 in the fifth game of the season. The game was made interesting by the kicking of Spear and Campbell, both of whom easily outpunted their opponents. The Bishops first score came late in the second period and the team from Delaware scored twice in the final quarter through the medium of an aerial attack. Ferguson and Henry, with their driving work on the line shone for the Big Red.

Denison made good use of her superior strength and won from Kenyon College

in a game which marked Denison's second victory of the season. The game for most part was played deep in Kenyon territory, the Big Red being kept from scoring by the long, perfectly placed punts of Tritsch, Kenyon fullback.

After completely outplaying the Congregationalists the Big Red lost to Oberlin by a score of 13-0. Tom Ferguson, playing one of the best games of his football career to date, went out of the game injured and left a spot in the center of the line that was not easily filled. The Big Red played hard and fast football but the breaks were against them and the result a defeat.

Fighting, snarling like a pack of unleashed wildcats, driven back to within the very shadow of their own goalposts but never once giving up the battle, an inspired Denison football team held Wooster, claimant to the Ohio Con-

Bottom Row—Furin, Greenlee, Foster, Alexander, Henry, Hauser, Ferguson, Campbell, Hayes, Spear.

ference title to a scoreless tie in the final scheduled game of the season. No less than five times were the Big Red gridgers forced back, but each time they rallied and recovered themselves by making vicious tackles which caused the Wooster backs to fumble time and again. Campbell's punts with several men breaking through saved the day more than once, and Captain Harry Henry's sparkling defense on the line was especially commendable.

In a post-season charity game with the Dayton Flyers at Dayton, Denison fought valiantly the first half but succumbed to the powerful drives of the Dayton team made in the second half, and lost 21-0.

Wearing Denison colors for the last time on the gridiron in this last game were Captain Butch Henry, Ed Spear, Chuck Campbell, Tiger Hauser, Dick Watkins, and Chuck White.

Top Row—Coach Wart, Holth, Beebower, Meier, Kuhn, Meier, Thorsen, Glass, Chrysler, Stroupe, Meunch, Petit.

Second Row—Jenkins, Shoop, Thiele, Jones, Sitterle, Beitler, Stewart, Weyburn, Jacobi, Frazier, Love, Riddell.

Bottom Row—Lawrence, Johnson, Hatch, Willett, Wick, Maret, Malloy, Williams, Blaylock.

FRESHMEN FOOTBALL

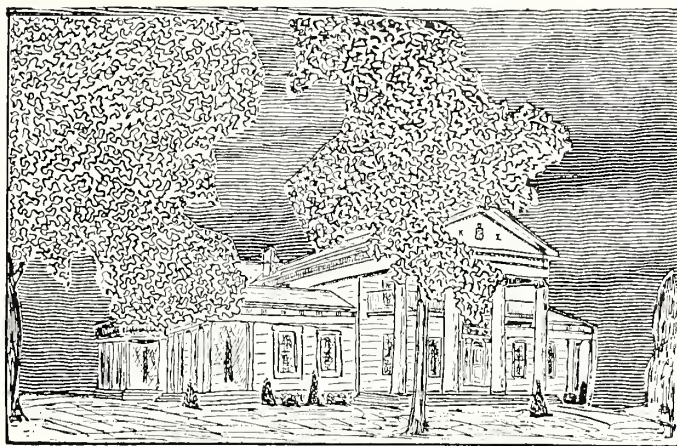

Under the direction of Lauri Wart, as Student Coach, this years Freshman Squad made an excellent record for themselves.

Facing the usual difficult program which always confronts the freshman squad, they learned a different system of plays each week and used them against the varsity in order to accustom the eleven to the attack of its coming opponents.

Outstanding on the squad were Stewart, Shoop, Beitler, Bill and Bob Mier, Wick, Jenkins, Sitterle, and Jacobi.

Granville I love thee
Till time is done
Hail Alma Mater, hail
Old Denison.

B A S K E T B A L L

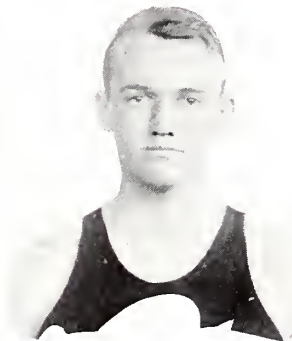

DENISON BASKETBALL SEASON

Bob McConnell
Captain

Fred Robbins

Dave Dix

Bob Chapman

The Denison basketball team opened their 1933-1934 season with victories over two of their Ohio Conference foes. The first team to fall before the Big Red was Kenyon college on Dec. 14, at the Wigwam. The final score was Denison 31 points, Kenyon 26.

The second win of the season was New Years Day when Denison defeated Toledo 24-19. The first half was marked by listless play on the part of both teams. Going on the floor after a two-weeks layoff due to Christmas vacation, Denison immediately took the lead which was maintained throughout the entire game.

In an extremely fast and rough contest the Big Red tasted their first defeat of the season from a former Buckeye Athletic association playmate, Wittenberg. The Lutherans won this game, which featured twenty-seven personal fouls, by a score of 32-23.

For their third conference win Denison triumphed over Wooster 43-24. At the end of the first half Denison was trailing by four points, but succeeded in coming back to swamp their opponents in the last half.

The Big Red stayed in the foreground by sinking Otterbein 50-20 and then defeating Oberlin 42-21. Both of these teams are members of the Ohio Conference. The Otterbein game was one of the outstanding games of the season. Denison accomplished some lightning passing and sensational shooting. The deadly accuracy of the Big Red is shown by the fact that they made 23 field goals out of 39 attempts, or approximately 60 per cent. Such a feat is seldom on any floor.

Although Denison lost the next game to Ohio Wesleyan 23-30 the Big Red put up a brave fight against a strong team. Denison cagers came in contact with the best defensive machine

they had yet met, and a team which was constantly changing its style of play.

In the final minutes of play Cincinnati came from the rear to beat Denison 33-37. This was one of those games which is "just anyone's" up until the last minute of play. The Big Red was playing like a championship team once more after the previous week's slump.

Wooster defeated Denison by a score of 26-42 in one of the duller and most uninteresting games of the season. The Denison team was decidedly "off form" while Wooster played a good game and took advantage of all the breaks.

Denison next travelled to Cleveland to play the high scoring Western Reserve team. Although the Big Red was defeated 27-51, it was a good game and Denison won many favorable comments from Cleveland papers and basketball fans.

On Feb. 15 Denison made up for the previous defeat suffered at the hands of Wittenburg; this time the Big Red was on the long end of a score of 35-29. Livy's cagers bounded into the lead at the beginning of the game and maintained it to the end. It was only the frenzied efforts of Wittenberg in the second half which saved them from complete rout.

Perhaps the most unusual game of the season was the Ohio Wesleyan game on Feb. 17. Stark, Sophomore Bishop center, scored a total of thirty points. This is indeed a rare feat in the world of basketball. The personal fouls were numerous and players of both teams were forced to leave the game in the final period. A capacity crowd filled the Wigwam to watch the Big Red as they held their own in the first half of the game. The final score was Denison 33, Ohio Wesleyan, 54.

Denison lost to Otterbein 25-43 in a terrible exhibition. Denison had previously beaten them by a large score, but in the second clash, though

Dick Harman

George Ashbrook

Bucket Gordon

John Montgomery
Manager

Back Row—Cooch Livingston, Robert Gordon, Horvey Klunder, Gilbert Cole, David Dix, William Short, John Montgomery, Monoger.

Front Row—George Ashbrook, Dick Hormon, Robert Chopmon, Fred Robins, Tom Ferguson, Robert McConnell.

Otterbein was handicapped by the loss of one of their star players, they were able to score with ease and keep the ball almost continually in their possession.

The Big Red was "hoodooed" to lose their second game with Cincinnati by a score of 34-42. Denison didn't seem to be able to get under way in the first half and the big city five piled up a substantial lead which Denison was unable to overcome. Throughout the game Cincinnati played their best offensive of the year. Denison played a good game in the second half but was unable to win.

In the final clash of the season the Big Red defeated Muskingum 33-31. The game was close and hard fought with Denison holding the lead throughout.

In the last game played on the Denison court the Big Red lost to the Denison Alumni 23-26. The Alumni team was made up of stars of the last few years. The game, as the final score indicates, was close throughout. The other game of the evening was between the Old-Time Alumni and the varsity second team. The varsity finally won, 30-17, even though "Livy" did his best to down them, scoring twelve points for the Old-Timers.

FRESHMAN BASKETBALL

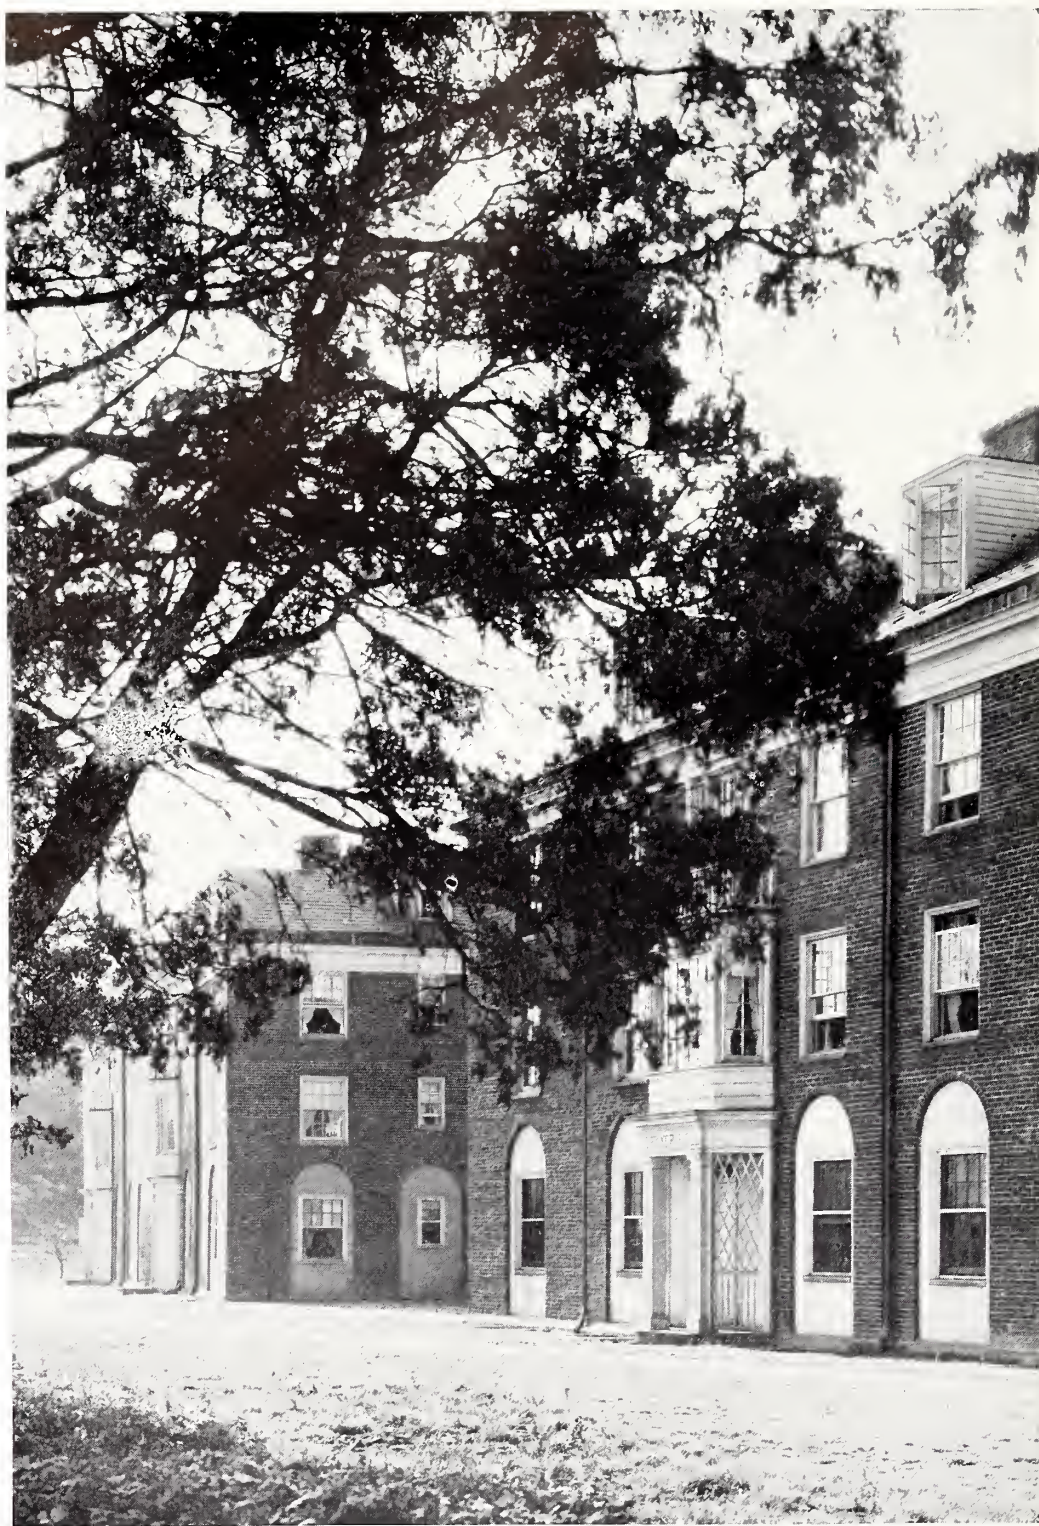

Tommy Rogers, freshman basketball coach, issued his initial call for candidates shortly after Thanksgiving vacation. Approximately fifty freshmen reported for practice.

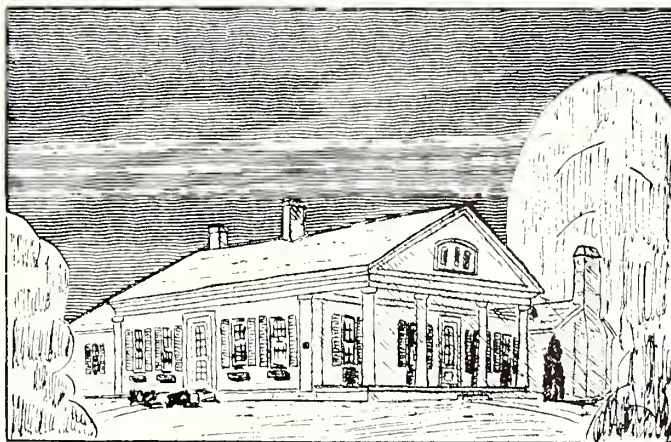

The average height of the team was somewhat shorter than usual, but this was counter-acted by their aggressiveness. Austin, Christman, Harman, Jacobi, and Sitterle were the outstanding members of the squad. Christman, Oak Park, Ill., has proved himself a flashy forward. From Upper Sandusky hails a consistently good yearling guard, J. Harman, brother of R. Harman of the varsity. Jacobi, LaGrange, Ill., teams up with Harman playing the back guard. Kuhn, former Newark high school flash plays forward, with Sitterle, Greenfield, in the pivot position.

The seven freshmen who received numeral sweaters are: Austin, Christman, Jacobi, Harman, McCuskey, Kuhn, and Sitterle.

Back Row—John Harman, John Eggert, William Eggert, Frank Jacobi, Willard Meier, Frank Muench, Phillip Burling, Joe Austin.

Front Row—Edward Meier, George McKusky, Jacob Kuhn, Carleton Christman, James Bender, Frank Johnson.

T R A C K

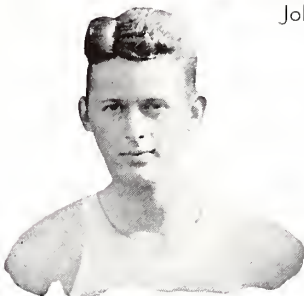

TRACK REVIEW

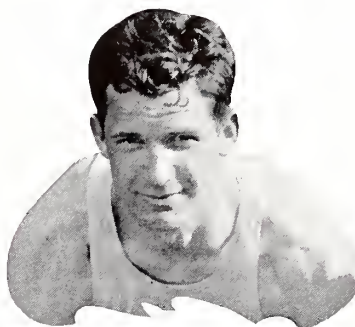

Jim Humphrey
Captain

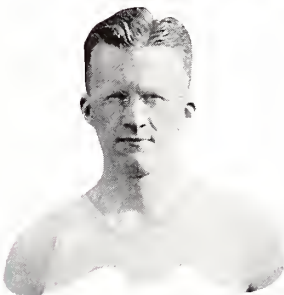

John Hauser

Herb Winsor

Ned Bacon

Jack Sharkey

The Gods of Olympus themselves beamed upon the Big Red tracksters of '33 during a season of phenomenal success.

Two new records were made by Denisonians, Ned Bacon clipping three-tenths of a second from the 220 yard low hurdle mark, and Sam Nicola tying Smythe of Ohio Wesleyan in the half-mile at two minutes flat.

Egged on by a bawling crowd swollen with Sub-freshman visitors, the Big Red humbled their first opposition, Marshal College from Charlestown, West Virginia, by the score of 103 1-3 to 27 2-3 on April 29 at Deeds Field. At this meet Pete Weidemaier showed his best, finishing the 100 and 220 yard dashes in 10 seconds and 22 1-10 respectively. The Big Red warriors ran rampant, losing only two events, the javelin throw and the Pole vault.

Weidemaier, Bacon, and Humphreys leave especially brilliant performances.

On May 6 Denison served Otterbein its first dual track meet defeat in three years, though encumbered by a muddy track. Twelve out of fifteen first places and a tie for another went to the Baptists who overwhelmed Otterbein 95 1-3 to 5 2-3.

Dick Stockwell's 11 foot 4 inch pole vault and Glenn Ellison's sensational discuss heave of 118 feet 1 1-2 inches were two of the days bright spots.

Humphrey and Bacon did their usual outstanding work, the latter being high scorer with thirteen points to his credit.

The Wesleyan meet at Denison, on May 12, saw the Big Red lose 80-51 although the records broken by Bacon and Nicola on that occasion lessened the string.

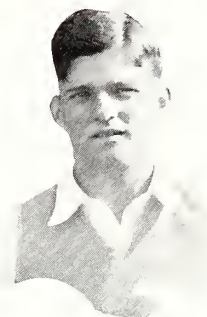

A week later, however, the home team eked out a 69-62 victory over Cincinnati, thereby regaining their winning stride.

Top Row—Humphrey, Bachrach, Nicola, Woxman, Campbell, Rogers, Knox, Railsback.

Second Row—Coach Rogers, Manager Blum, Hauser, Ellison, Bickford, Sharkey, Bacon, Wright, Hundley, Coach Livingston.

Bottom Row—Stackwell, Weidemeier, DePuy, Rabbits, Snyder, Scheetz, Jensen, Adams.

Winning its first Track championship since 1916, Denison broke the four year reign of Oberlin by winning the Big Six meet at Oberlin in May 27. Records placed the Big Red in first place with 40 points, Wooster placed second with 32 points, and Akron third with 25 1-3. Ned Bacon and Jim Humphreys together scored 20 points.

Paul Scheetz

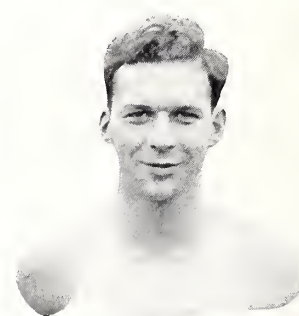

Coach Livingston had on hand twenty-four men, the second largest squad in the meet, and of those ten placed in the final events.

Dave Railsback

Marshall Bickford

Ernie Jensen

GLIMPSES OF THE CROSS-COUNTRY SEASON

Compiling the creditable record of three victories in five meets, Denison cross country men look back on a successful season. The team evinced incomparable spirit and fight in meeting the most difficult teams in the state. Both the Big Red's defeats were by the scantest of margins.

Opening the season here Oct. 28 against the harriers from Ohio Wesleyan, the Denisonians won easily over the Bishops, 22-35.

The following week end the team visited Oxford to compete with Miami, whose team outstepped the challengers from Granville by only two points.

The Big Red played host to Oberlin College Nov. 11, and defeated them, 21-34.

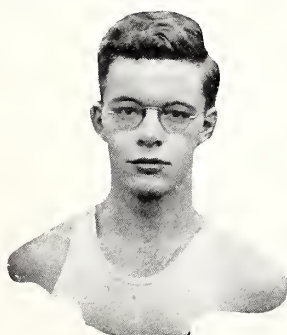

On Nov. 18, at the Ohio Conference meet held at Oberlin, Denison furnished the competing harriers with plenty of opposition. Wooster alone proved superior to the Big Red, defeating them 45-47. Their showing in the conference meet marked the Baptists as a team of ability.

Denison eased over the Muskingum runners in the last meet of the season showing a seventeen point advantage over the New Concord runners at the end of the meet.

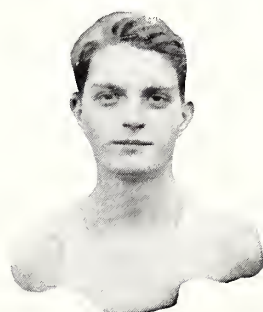

Veterans Marshall Bickford, Dave Railsback, and Paul Scheetz led the Baptist runners, while Ernest Jensen, Bob Taylor, and Emory Dixon showed excellent form. Next year's team promises to be even better than this year's, and Coach Livingston predicts the Big Red will provide plenty of competition for its conference rivals.

Standing—Bickford,
Coach Livingston, Rails-
back.

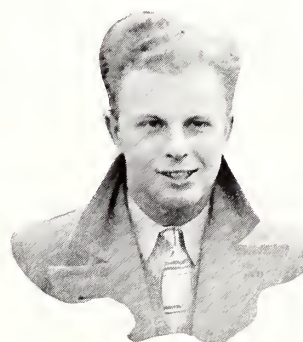

Seated—Taylor,
Scheetz, Jensen, Orcutt,
Bailey.

CROSS COUNTRY
American Commons Club

HANDBALL
American Commons Club

"A" BASKETBALL
Sigma Chi

"B" BASKETBALL
Beta Theta Pi

The fall season of this year's Intramurals opened with a close duel for the Speedball Title between the Commons Club, the Sigs and the Betas. In the end the Sigs won although all three clubs seemed evenly matched. Cross Country went to the Club's team composed of Western, LeMasters, Winslow, Melick and Ferguson. Reginald Roberts, a freshman, took first in the four mile grind.

The "A" Basketball league ended in another close contest between the Sigs and the Betas. Both teams had dropped one game, the Sigs having lost to the Betas and the Betas to the Phi Deltis. In the playoff, the Sigs won. For the second time in a row the Beta "B" team were the undefeated champions. Bachrach and Adams, representing ACC took the handball championship.

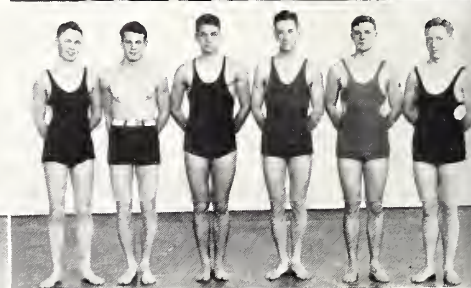

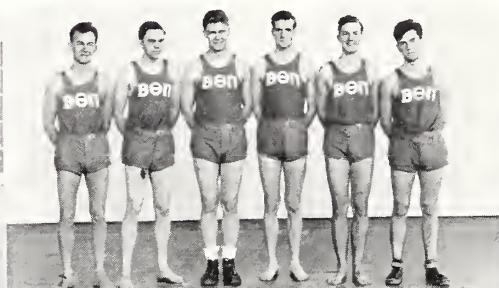

The Wrestling championship went to the Sig Alphas, when three of their men took the honors in their respective weights. The champions are: 125 pound class, Bill Morris, Sigma Alpha

Epsilon; 135 pounds, Clarence Hartsough, Ind.; 145 pounds, John Clarke, Sigma Alpha Epsilon; 155 pounds, Brunell, Ind.; 165 pounds, Bob Chrysler, Sigma Chi; 175 pounds, Gordon, Beta Theta Pi; heavyweight, Harry Henry, Sigma Alpha Epsilon.

The Strength test winners were as follows: Riddell, Beta Kappa; Love, Lambda Chi Alpha; Hartsough, Ind.; Jacobi, Sigma Chi; Paul Collyer, ACC; Erwin Holth, Kappa Sigma; John Harmon, Sigma Chi; Stuhlmiller, ACC; Jack Shoop, Beta Theta Pi; Willard Meier, Beta Theta Pi. This year the Fiji's again took the swimming championship, the Commons Club was second and the Betas, third. The Beta Kappas took the indoor track title. Ed Jenkins was their stellar performer. The Foul Shooting went to the Betas.

The Soft Ball baseball, Tennis, Outdoor Track, and Archery competitions had not been run off at the time of going to press and the Intramural championship for 1933-34 depends on the outcome of these competitions.

Fair Denison, in loyalty
We raise our voices in praise of thee
Thy Majesty of hill and plain
Reflects the glory of thy fair name.

WOMEN'S SPORTS

Top Row—Coral Darr, Barbara Shepard, Marie Tolbat, Margret Schneller, Darthy Toren, Carlyn Ashley, Rebecca Mathews.

Bottom Row—Lucile Perry, Dorthy Hortshorn, Esmah Orcutt, Elizabeth Davies, Theadara Jones, Edith Breining, Antoinette Landrum, Ruth Darrow, Elizabeth Anderson.

W. A. A. BOARD

The W. A. A. Board along with the Women's Physical Ed instructors attempt to bring every girl who enters Denison into some kind of a sport. Believing that all work and no play makes Jack a dull boy can make Mary dull also, they have aimed to get everyone interested in something in the athletic line. Their success is easily seen in their class teams and their intramurals. Much spirit is shown over victories and defeats thus proving that interest has been created. We hope that their success will continue to be as great as it has been in the past.

SUMMARY OF W. A. A. ACTIVITIES

The list of activities as carried out by W. A. A. for year 1933-34 show that it was not only a year of great accomplishment but also fun for everyone.

Perhaps the greatest achievement of the association was the success of the Athletic Federation of College Women Convention held April 26-27-28. Denison was hostess to colleges from all New England states, New York, Pennsylvania, Indiana, Michigan, Ohio and New Jersey. It was the first time such a sectional convention was held at a small institution. One of the aims of the convention was to organize the other states into state associations just as Ohio State was organized by Denison at 1932 convention.

On September 15 W. A. A. again sponsored an entertainment for freshmen. They gave an interesting demonstration of each sport to arouse interest in the various activities offered by physical education department. After the sport tour a picnic supper was served in Rose quarry. At the annual Halloween party on October 25 they again entertained the freshmen and interested them in W. A. A.

During the day of Scrap Day the girls were kept busy in organized sports which the W. A. A. and Physical Education Department had planned and run off.

On October 14 at Hamecaming, W. A. A. had their usual Varsity-Alumnae Hockey game which was preceded by a breakfast in the W. A. A. rooms. This gave all returning Denisonians and present students opportunity to visit.

In October the first association meeting for year was held in an interesting manner. It was in the form of a Hay Rack ride to the Cabin, followed by supper and a regular W. A. A. meeting at the cabin.

Then later in the year when Granville was knee deep in snow W. A. A. again went forth. This time the members traversed the country on sleighs. This sleigh ride party was followed by supper in W. A. A. rooms.

On November 10-11 W. A. A. sponsored a benefit movie, and in connection with the show they put off a successful stage show—"Moon Over Monterey".

Because of success of Dance Recitals in previous years, this last year the recital was given on two nights—March 22-23. This gave more people the opportunity to see a very entertaining and educational program. Orchestras also produced parts of the recital at mothers week-end.

In connection with outing club activities during the year the outstanding events were: a delightful ice-skating party at gravel pit; a hare and hound chase to the cabin; and a breakfast at the cabin for the mothers on the Sunday of mother's weekend. Also Outing was responsible for lunch on Sugar Loaf on day of Winter Fratricide—March 24.

During the year W. A. A. sent its President and Vice-President to Ohio U. to a meeting of state officers of A.F.C.W. Also five members of the association were sent to Cincinnati for play day.

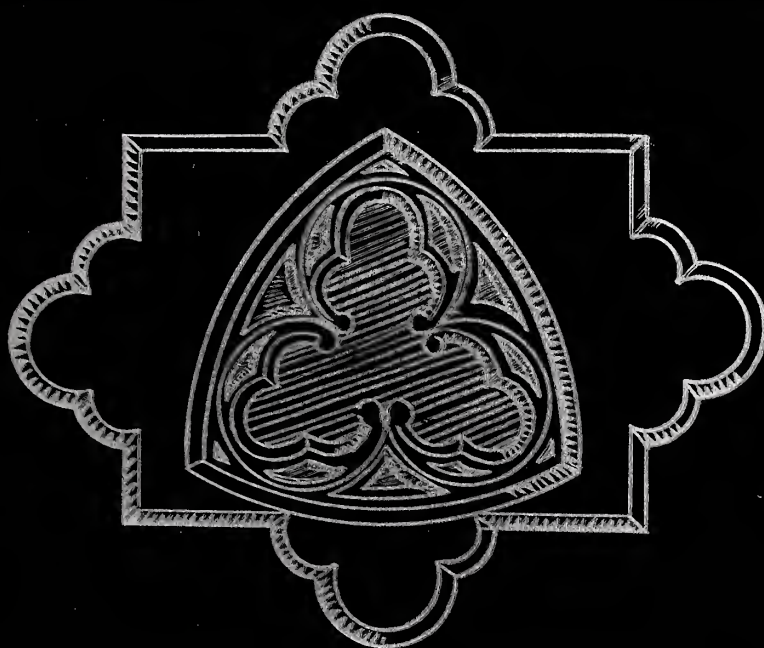

Then the Physical Education Department made it possible during the year for students to go to Delaware and Columbus to see educational entertainments. In the fall a bus load of students went to Columbus and saw Shan-Kar and his Hindu Dancers, and in the spring another bus load of students went to Delaware and were privileged to see Ted Shawn and His Ensemble of Men Dancers.

Besides these events W. A. A. has carried out its usual seasonal activities. It held its yearly Fall Sport Banquet, Christmas Party which was carried out in old English style, Easter Banquet and Spring Banquet. Each time at these Banquets many girls were received into the association and many obtained their higher awards. Sixty-eight were taken into W. A. A., and there are now twelve wearers of the "D", the 1200 point award. The number of new members and number of higher awards given during the year show real accomplishments on the part of the Physical Education department and the students.

ORGANIZATIONS

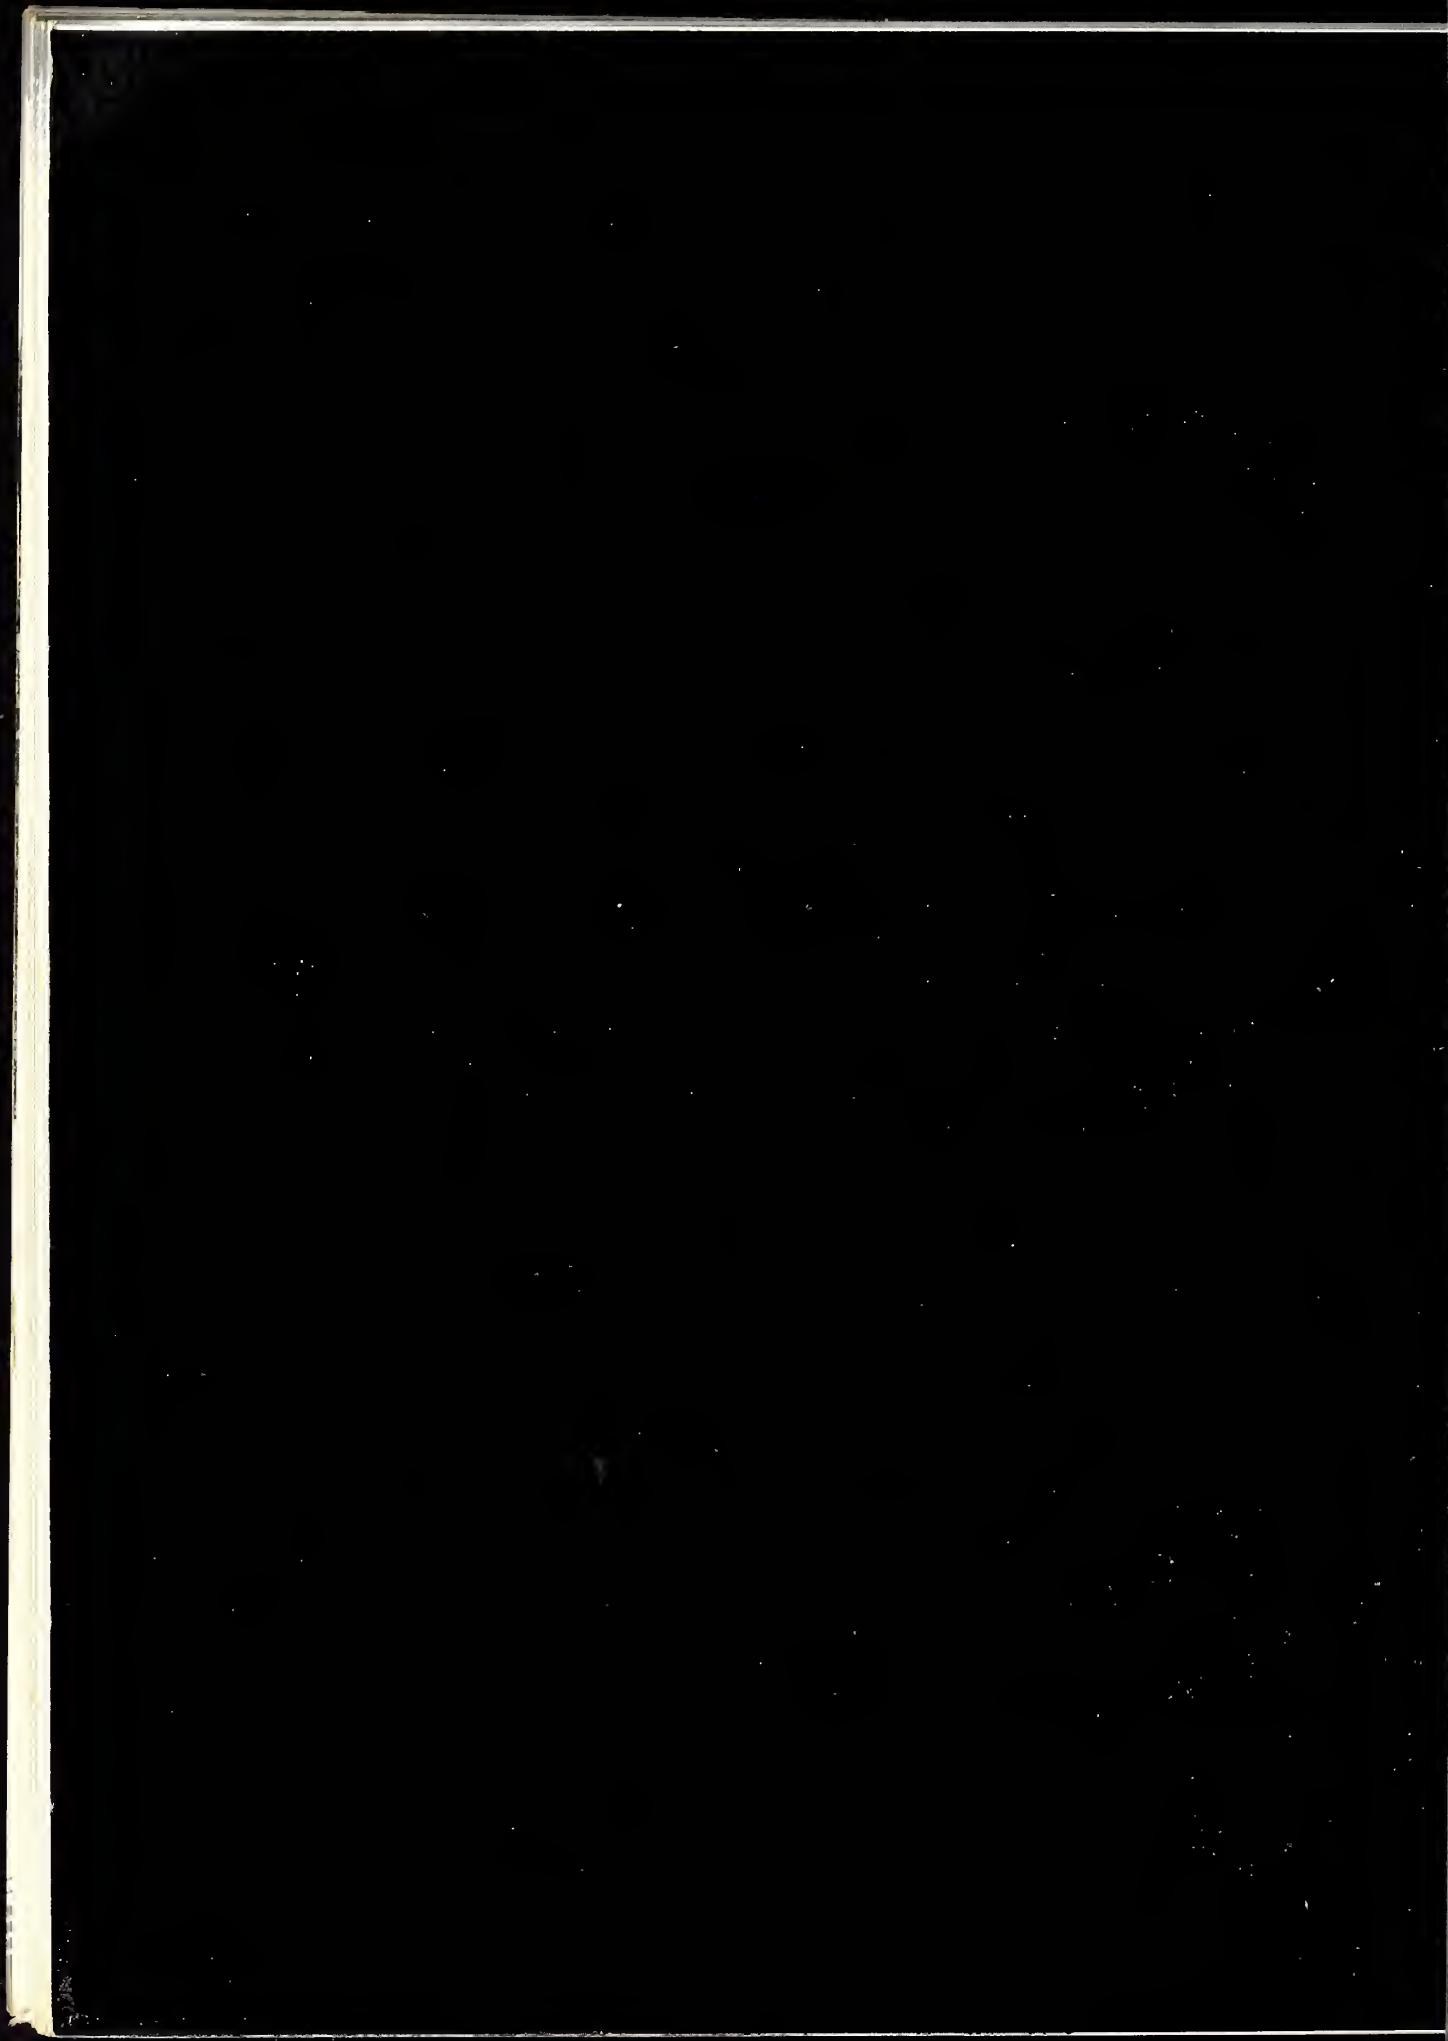

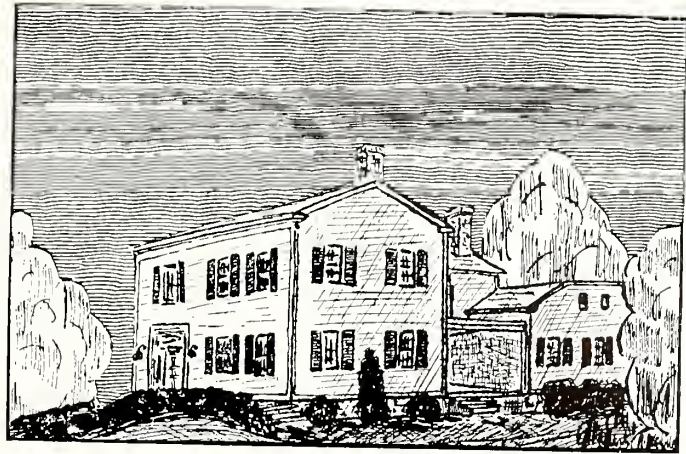

FRATERNITY ROW

Denison in the years to come plans to have all the fraternities located on fraternity row. Given here is a partial view of Fraternity row at the Present. We doubt whether it can be made more beautiful.

Omicron Delta Kappa was founded at Washington and Lee University on December 3, 1914. The Denison Chapter was installed in May 1933. Election to membership is based on merit. A point system was installed by the Denison Chapter last year granting so much for a major activity and so much for a minor activity. It tries to foster and promote those projects which are helpful to the student and in other ways attempts to better life on the Campus.

Next to Omicron Delto Kappa which was founded last year Blue Key is Denison's newest honorary. The organization of the group was much earlier however going under the name of Boosters for a good many years. The purpose of this club is to better and make more practical the interfraternity and interclass relations. The boosters serving with distinction during Denison's Centennial drive left a heritage to the new organization which was hard to beat. Blue Key however has more than lived up to it and much is looked for from them in the future.

PHI BETA KAPPA

Paving the way for the hardy of Greek letter societies that were to follow, Phi Beta Kappa, a secret social and literary society, was established at William and Mary College, Williamsburg, Va., on Dec. 5, 1776. Chapters were subsequently installed at Yale in 1780, and Harvard 1781, and Dartmouth 1787.

In response to agitation against secret fraternities, its secret character was abandoned, and the society devoted itself to the furtherance of academic proficiency. Phi Beta days at commencements were noteworthy, and many memorable orations and poems were given which contributed greatly to early American literature.

Women were not admitted to membership until 1875, and the first chapter established in a women's college was installed at Vassar in 1898.

The badge is a watch chain with the Greek letters ΦΒΚ which stand for Philosophy is the guide of life. A hand pointing to three stars in the upper corner designates the high aims of the society. On the reverse side of the charm are the letters S.P. of the slogan Societas Philosophiae, the date of the founding of the organization, the name of the owner, his college, and date of graduation.

Theta chapter of Ohio was installed at Denison in January, 1911.

Each spring seniors who have attained superior scholarship along with a few exceptionally outstanding Juniors are elected to membership. Following their election, new members are banqueted by the chapter.

One of the projects sponsored by ΦΒΚ in the interests of furthering intellectual pursuits amongst freshmen is the formation of the Phi Society.

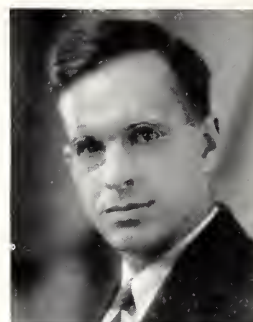

SIGMA DELTA PI

In 1931 outstanding Spanish students with the direction and co-operation of Professor Dewey Amner and Professor Thomas Wiley petitioned Sigma Delta Pi as they felt the growing need of a national Spanish honorary on the Denison campus. Within three months their petition had been accepted and they were installed by Epsilon chapter of Wooster College as Pi chapter.

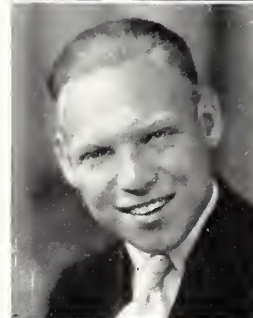

Due to the high standards of this growing national honorary each chapter has only a small membership. Only Juniors and Seniors are eligible who have taken third year Spanish and have received a B plus average in Spanish and a B average in all other college subjects.

Because of its small membership Sigma Delta Pi has met regularly with the Spanish departmental El Circulo Castellano.

TAU KAPPA ALPHA

Tau Kappa Alpha prominent national forensic fraternity installed a chapter on the Denison Campus in 1924. For three years its membership was limited to men students only. In 1927 for the first time the fraternity initiated members of the women's debating teams. The group has grown steadily in size and importance since its founding at Denison, until now Tau Kappa Alpha plays an important part in Campus affairs.

Members are selected from those who have distinguished themselves in Collegiate debate competition. Tau Kappa Alpha members are always prominent on the university debate teams. It has for its goal the promotion of interest in debating on the campus.

Members of the Denison chapter are Dr. Lionel Crocker, Sherwood Blasdel, William Umbach, Kenneth Maxwell, Glenna Snapp, Esmah Orcutt and Carolyn Clifford.

ETA SIGMA PHI

Zeta chapter of Eta Sigma Phi was founded on the Denison campus December 16, 1925. Eta Sigma Phi is a national honorary fraternity whose members are drawn from students who are interested in classical languages and civilization. There are forty-two chapters throughout the country, four of which are in Ohio.

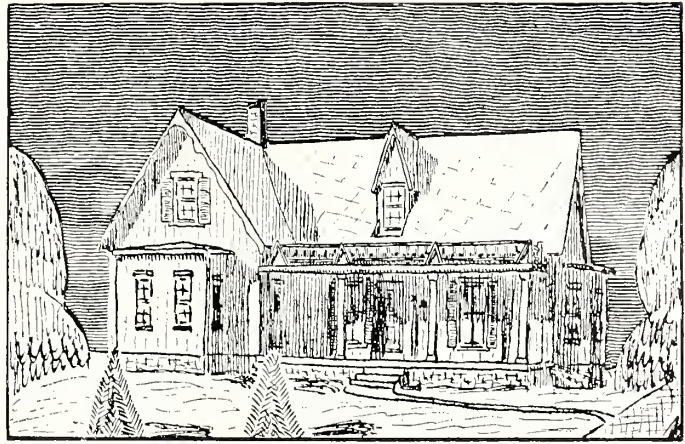

Each year there has been a large delegation from Denison attending the national convention in April. At this time election of officers is held.

At the meetings talks and readings are given concerning ancient Latin and Greek traditions. The club travels to neighboring towns in an effort to interest high school students in Greek and Latin. Each year the club presents a medal to the most outstanding Latin student in Denison.

The fraternity was organized in 1923, and in the past eleven years has grown rapidly. Once each year the Denison chapter collaborates with the other Ohio chapters in a joint meeting, the purpose of which is to create a better understanding and a more active interest in the fraternity in the various colleges and universities throughout the state.

Robert Marvin	Phi Delto Theto
Richard Ashley	Phi Gommo Delto
Philip Mavon	Phi Gomma Delta
Wade Borth	Sigmo Alpo Epsilon
Richard Coelho	Sigmo Alpha Epsilon

The Men's Pan Hellenic Council is composed of two members from each Fraternity and one from the Commons Club. It is the purpose and desire of this group to further and promote friendly relations between the various social groups on the Denison Campus. It is this group that settles the interfraternity issues. It holds regular meetings at the various houses, passes legislation determining the pledging and decides points of difference between the groups. It is this group that fosters to a great extent the Denison family spirit.

Charles Greenlee	Jos. McClelland	Harvey Klunder
Carr Dix	Don Lee	Robert Marvin
Philip Mavon	Richard Coelho	Richard Ashley

Dorothy Toren	Delta Delta Delta
Jean Lindstrom	Kappa Alpha Theta
Barbara Shepard	Kappa Alpha Theta
Elizabeth Anderson	Kappa Kappa Gamma
Ruth Darrow	Kappa Kappa Gamma

Formed at a time of very poor school spirit, this group was meant by its founders to fill a very definite place, that of promoting a finer and better spirit of friendship between the eight sororities of the Shepardson campus. In the pursuit of this goal it has been singularly successful. The council includes representative members of all the groups and holds regular meetings during the year at the various houses. This like the men's Pan Hell regulates Rushing matters and matters of dispute between the group.

Elizabeth Anderson	Ruth Darrow	Marjorie Gage
Theodora Jones	Jean Lindstrom	Rebecca Mathews
Marguerite Oxley	Mary Ellen Robins	Virgene Roe
Barbara Shepard	Virginia Smith	Dorothy Toren
Lela Thuma	Florence Willsey	

What priceless treasures of friendships golden
A brotherhood dear to every heart
Will keep us bound for evermore
True Denisonians can never part.

HONORARY ACTIVITIES

CAP AND GOWN

Cap and Gown, women's senior honorary society, grew out of a similar organization, White Nuns, in 1928. Initiation into this society is the highest honor open to co-eds of the University. The Denison group is petitioning Martar Board, national honorary society, for a charter.

Candidates for membership must be representative Denison women and must meet certain definite scholastic requirements. Depth of character and service to the University are important points considered in the selection of new members. Members are chosen without regard for their fraternity affiliation. Names of members chosen are announced during the course of the May Day program.

The purpose of this organization is to support the finer things in college life and to do constructive work in campus affairs.

Jane Young	

CROSSED KEYS

Crossed Keys is a local women's honorary society organized in May 1926. It is composed of outstanding women of the Junior Class chosen at the end of their Sophomore year on the basis of scholarship, activities, and service to the University.

One of the goals of the organization is to foster and promote class spirit. Another is to sponsor a friendly feeling between campus social groups.

Last fall Crossed Keys members helped prepare the Freshman girls for Scrap Day events. Crossed Keys was also responsible for the orderly arrangement of chapel attendance. They joined hands with Blue Key in arranging Denison's annual Sub-Freshman Week-End.

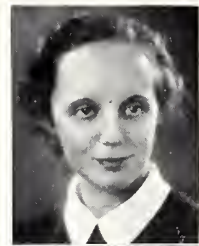

The members of Crossed Keys have held regularly scheduled meetings at the various sorority houses.

WOMEN'S STUDENT GOVERNMENT

OFFICERS

BARBARA JACKSON	President
CORRINE ASHMUN	Vice-President
ANTOINETTE LANDRUM	Secretary
LUCILE PERRY	Treasurer

The Women's Student Government is an important unit in the life of the Denison woman. It is somewhat like the men's student government except that it is divided into two branches the Judicial and the Executive councils. The Judicial council was organized in 1928 and served to simplify to a great degree the workings of the government as a whole. The Judicial council handles all the cases of discipline which may arise among its members and the students. The Executive branch of the organization concerns itself with the administration of policies which are being agitated by the students, directs all contacts with the men's groups and with the faculty.

Barbara Jackson

William Kemper
Sherwood Blasdel
Donald Sloat
Paul Scheetz

MEN'S STUDENT GOVERNMENT

OFFICERS

WILLIAM KEMPER	President
SHERWOOD BLASDEL	Vice-President
DONALD SLOAT	Secretary
PAUL SCHEETZ	Treasurer

The Men's Student Government Association is the leading governmental body upon the Denison Campus. It includes every man in school as each one is allowed to vote for its officers. The chief aims of the Association is to create and maintain some form of Democratic government of this Campus. It also acts as an agent to create good will between the faculty and the students. In matters between faculty and students it is the student government which carries the students interests into a conference. Aside from its governmental aspects and duties the Association sponsors certain events to further school spirit and better life on the Denison Campus.

Phi Mu Alpha was installed at Denison in 1912 as a national honorary musical fraternity for men. Founded in New England in the late nineties the Denison chapter since installation has grown in the estimation of its neighbor chapters. In as much as it represents to a large degree the musical leaders on the Denison campus it takes a most active part in all musical affairs. It also cooperates with Delta Omicron in putting on joint operettas.

WOMEN'S GLEE CLUB

Under the direction of Miss Darathy Dunn, the Wamen's Glee Club has made much pragraph in the last year. They have rehearsals twice a week preparing for their annual spring concert. They also entertain each year an Mather's Day.

The winter season was marked by caraling by the club in Granville and at Denisan fraternity houses fallawed by a breakfast at the Granville Inn.

The club provides special singing at chapel services, Hamecaming, and W. A. A. conventians. Small graups fram the club have travelled ta Calumbus to braadcast aver WAIU.

MEN'S GLEE CLUB

The Denisan Mens' Glee Club has come to be known as one of the most outstanding organizations of the Denisan campus and in past years has lived up to this description. In the past three years the club has won two state championships, placed fifth in a national contest, and third in another state competition. The leadership of the group this year was in the hands of Prof. Karl Eschman, faculty director, and Carr Dix, student leader. This season the club gave several concerts in Newark, and presented several numbers at various chapel services. The annual spring trip this year was scheduled in Toledo, Detroit, and Chicago with radio broadcasts in Toledo and Chicago. Thirty-five men were taken on the trip which was taken during the spring vacation the first week in April.

George Rovin

The Denison Orchestra, an organization of more than forty pieces is under the leadership of Karl H. Eschman. Under his competent direction the orchestra has been able to produce "Orpheus in the Underworld", Handel's "Messiah", and numerous other compositions of as high character. This ensemble of musicians practices every Tuesday night. It is made up almost entirely of students although a few townspeople and faculty members participate with the others. Two complete concerts are given each year. The Orchestra also accompanies the annual presentation of Handel's "Messiah" and an opera in the spring.

CHAPEL CHOIR

Miss Dorothy Dunn, instructor in the conservatory was placed in charge of the Chapel Choir at the beginning of the school year and there has been a marked improvement in the quality of music which this group has presented this year.

In order to secure the choice of the school's voices for the choir, the tryouts for membership were limited only to those who had already won a place in either the Men's or Women's Glee Clubs. This group practiced not only on days when there was no chapel service, but also as individual quartet groups under the personal direction of Miss Dunn.

At approximately four fifths of the various chapel services throughout the year the choir presented some selection in the form of an anthem or musicole suitable for the occasion. It was this group which, at Christmas time, presented a program at an afternoon chapel period which everyone who heard enjoyed.

In March the choir traveled to Columbus and sang before the assembly of the Federation of Women's Music Clubs of Ohio. This was followed by a radio broadcast over radio station WAIU in the afternoon and in the evening the entire group was given the privilege of hearing Lawrence Tibbett who was giving a concert in Columbus at the time.

There are few seniors in the choir this year so that the next year should see this organization steadily improve in its good work.

A' CAPELLA CHOIR

Under the direction of Professor Karl Eschman the A Capella Choir has in the last few years been gaining more prominence each year and it is expected that it will in time be just as important an organization as the glee clubs. Practising once each week the choir furnishes the music for a number of chapel services each year. It has this year broadcast from the Columbus radio station on the Denison Programs. Credit is given for the work done and much is expected of them in the future.

MASQUERS

During the past year a new plan has been presented to the Denison campus by Masquers which has resulted in on unusual series of plays being presented to the entire student body and the town people of Gronville.

At the premier performance A. A. Milne's pleasing social satire "Success" proved a veritable hit with Morshall Bickford as the honorable member of parliament. Florence Willsey again proved herself an exceptional actress in the role of the ambitious social lion. Here as in her previous roles she showed her powers of mimicry assimilation of the parts which have been assigned to her.

With this splendid start on the third subscription season of Mosquers, it was fitting that "Orpheus in the Underworld" be chosen for the spring presentation. Here we found Mosquers co-operating with Mr. Eschmon to bring to the stage the outstanding feature of the season. In presenting "Orpheus" we saw an example of Richard Woelhaf's attempt and desire to raise

THE MASQUERS

dramaturgy at Denison above ordinary college theatricals. Jean Lindstrom and Florence Willsey proved themselves worthy of all honors in their singing and acting.

In the fall Director Woelhaf offered another pleasing divergence in the form of "Green Friars" which was presented in serial form in conjunction with exceptional motion pictures of Germany, England, and "M" was an excellent sociological study of the treatment of children of Germany as well as an excellent illustration of German photography and sound production. "Bittersweet" brought to us a bit of England which proved refreshing to an American audience with its delightful music, beautiful costumes and excellent acting.

"Machden in Uniform" was shown to an appreciative audience who showed their approval by asking for more presentations like it. These pictures were an added drawing card to the unusual play which depicted for us the world in years to come. Tom McPeak, Mary McCullough and Max Russelot carried away the

THE MASQUERS

honors in this production in the characters of a scientist who is working on a transformation, his fair daughter and his assistant.

During the years since Dick Woelhof has taken over the reins of dramatics at Denison there has been a great revival of interest in dramatics and especially in Masquers which is THE society to which all aspiring actors and actresses wish to belong. Membership in the organization is open to members of all four classes who have shown exceptional ability in plays which have been presented. Each fall there are try-outs for the leading plays of the year and every student in college has a chance to perform.

Director Woelhof has stepped away from dramatic bonds by presenting a serial play. To him Masquers owes a debt which can never be paid for raising drama at Denison above the usual level of college dramatics. Also for the thankless task of designing the settings, the costing and the directing. "Dick" will always be fondly remembered as a friend, a helper, and always willing to do his utmost to help others.

Wallace Husted
Editor

DENISONIAN

Under the guidance of Wallace Husted, editor, The Denisonian enjoyed one of the most successful years in its long history.

Organizing his staff in order to cover all the timely campus news without a slip-up, Husted divided campus news sources into "beats", assigning two or three such "beats" to each reporter. The new "beat" system proved a great improvement and received hearty co-operation from faculty, administration, and student organizations heads, who comprised the "beats".

Working to put "punch" into the paper, Husted employed the boldest type in heads, used streamers and spreads often, and splashed his pages with art and features, all in an effort to make The Denisonian "different" from the staid sheet it had been.

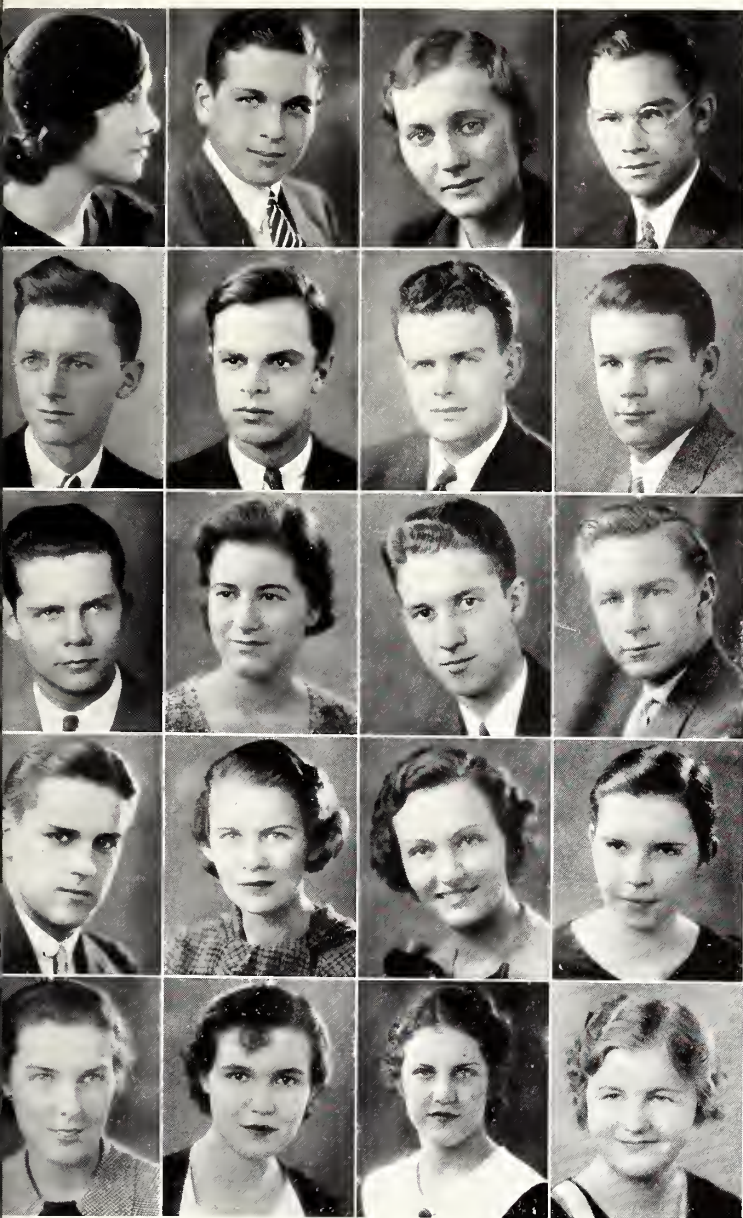

Grant Hudson
Business Manager

DENISONIAN

Grant Hudson took over his duties with The Denisonian about \$450.00 in debt. Hudson immediately set about trying to efface as much of the debt as possible.

Form letters sent to alumni brought in scores of subscriptions, while an organized drive among faculty and townspeople added several more. Mailing costs were slashed to a new low in the circulation department, where other economies were introduced in the sending of the papers.

Asked to co-operate, Editor Husted devised a plan for saving on cuts. Practically all of the student and faculty cuts used were sawed out of old Adytum panels. Only three new engravings were made all year long.

It was in the advertising field that Hudson was able to show the most profit. Whereas last year's staff was receiving about 60 column inches of ads per week Hudson averaged 100 inches per week.

Charles Stull
Editor

ADYTUM

The work of publishing a year book such as the Adytum calls for a crew of conscientious workers and a capable leader. It is no small task to superintend the taking of pictures, to mount the pictures, to plan the layout, write the text and assemble the whole into something of a unified creation. If it were not for the unselfish giving of their time and effort on the part of the editors, and most of all, the staff members, the work could never be accomplished.

In addition to the work of the editorial staff, an entirely different problem confronts the Business staff. It is their task to sell Ads, to write the copy for them and to manage the money affairs so as to make both ends meet, and make possible the ultimate publication of the yearbook. This year the class of 1935 was especially fortunate in having such a splendid corps of workers.

Granted its charter in 1929 the Denison Chapter of Pi Delta Epsilon succeeded Fourth Estate. The purpose of this group is to create and maintain an interest in journalistic activities in the student body. Membership in this organization is the reward of outstanding work on some publication. Headed by Paul Ashbrook the organization decided to become active this year after two years of inactivity. Beginning the year by the publication of the blotter, and continuing with the publication of the directory and football programs for all home games, Pi Delta Epsilon has again attained its place of prominence on the campus which it so rightly deserves. The main duty and ideal of the group is to wipe out all past debts which were incurred in former years and put the Denison publications in the clear. We hope they will attain their goal in 1935.

NEWS BUREAU

Few students or alumni realize the work that is performed each school year by the Denison University News Bureau, managed during the past year by Wallace Husted.

The campus activities of each and every student are completely "covered" for home town papers by the bureau. If John Doe, Doeville, Ohio, is elected to Phi Beta Kappa or his fraternity social committee, the story goes to the Doeville newspaper, along with John's picture. Such student activity personals for home town papers constitute only the routine work of the News Bureau.

All general campus news and features, not significant enough to be sent over the press wires, are sent out in special stories to a regular list of papers, editors of which the director of the News Bureau has contacted during the summer. Special news items and features are sent out over the wires of the Associated Press, United Press, and International News Service, through their Columbus offices.

In addition to such news coverage, the News Bureau undertakes to handle all sports publicity. Prior to each athletic contest, releases are sent out to the wire services and to the Bureau's special list of papers, concerning occurrences in practice and prospects for the coming contest. After each game dispatches are sent to the three press services by wire and also to any newspapers that have specially requested coverage. Advance publicity on the Denison teams are sent prior to each contest away from home to the publicity directors of the opponent schools and to newspapers in the towns where the schools are located.

The work of the News Bureau is carried on under a great handicap. Denison is one of the few schools in the state where a full-time man is not in charge. Also, the Denison Bureau is limited financially, the budget having been cut to rock bottom.

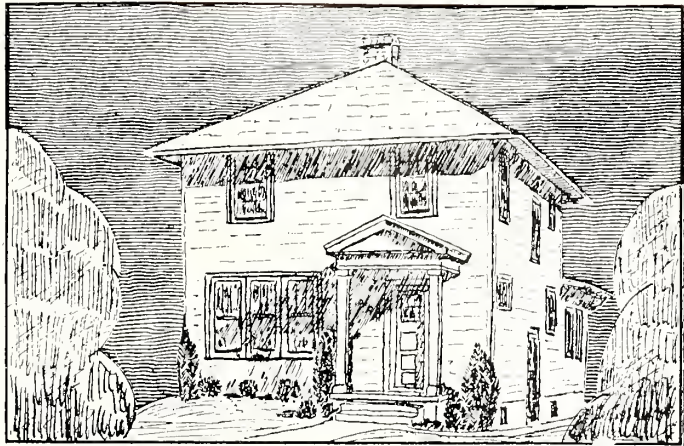

Wallace Husted, a senior, who has been connected with the News Bureau for the last three years, was assisted during the past year by three students, Paul Ashbrook, Lucian Warren, and Charlene Cunningham.

Wallace Husted

○ Come, come we've got to win
Then everyone can say
"Oh Come and sing to old Denison!"
For we have won the day.

A C T I V I T I E S

COSMOPOLITAN CLUB

In 1931 a group of Denison students founded the Denison Cosmopolitan Club. This organization fills a great need on the campus by bringing together in its membership all foreign-born students, and others interested in destroying false racial distinctions.

The object of the club is to promote the spirit of universal brotherhood among students of all nationalities. Their motto is: "Above all notions is humanity".

Those eligible for membership in the club are foreigners who have come here to study, Americans who were born in foreign countries or of foreign parentage, and any others who are greatly interested in foreigners and the lands from which they come.

The meetings are made interesting by the first hand information of Denison's cosmopolitan students. In this way the foreign students feel more at home in America and become an integral part of the life of the Denison Campus.

The Denison chapter is a member of the National Cosmopolitan Club.

WOMEN'S DEBATE

The women's varsity debate team climaxed one of the most successful seasons Denison had witnessed in several years when it returned the last week of March from a five day invasion of Illinois and Michigan schools. The team composed of Mary Estey and Theodoro Jones, seniors, Glenno Snopp and Esmah Orcutt, juniors, met Wheaton, North Central and Kalamazoo colleges in a series of hotly contested sessions. Each time the Denison co-eds upheld the affirmative of the proposition, "Resolved, that Substantial Grants Should be Given for Public and Private Primary and Secondary Education." Dr. Lionel G. Crocker, coach of the Denison debate teams accompanied the team to the Chicago area.

During the rest of the 1933-34 season, the women debaters engaged the University of Cincinnati, Miami University, and Ohio Wesleyan University in dual debates on the question, "Resolved, that the Private Ownership of Public Utilities Should be Abandoned." Debating for Denison were Mary Estey, Esmah Orcutt, Theodora Jones, Helen Goulette, Miriam Morris, Eleanor Chase and Glenno Snapp.

Shortly after Spring vacation a formal dinner was held at the Granville Inn at which time the names of the newly elected members of Tau Kappa Alpha, national honorary forensic fraternity, were announced.

Freshmen women were also given several opportunities to display their forensic powers on the platform when they engaged in debates with teams representing Ohio Wesleyan on the question, "Resolved, that the United States Should Abrogate the Platt Amendment Thereby Giving Cuba her Complete Independence."

The freshmen squad, the largest in the history of the University, was coached by Glenno Snapp who also conducted weekly classes in debating for all interested in developing their abilities as a public speaker.

MEN'S DEBATE

The Granville college debate teams closed one of their most successful seasons recently. More interest was manifested in debate this year and the teams were larger.

The season was opened early in the fall with a non-decision debate with Wooster on the NRA. The Denison team also debated Ohio Wesleyan in a non-decision debate on the same subject. The climax of the season was the annual debate trip made by Kenneth Maxwell, William Umbach, Sherwood Blasdel, and Dr. Lionel G. Crocker, forensics coach. The team debated Northwestern University, Loyola college, and Kalamazoo college. The Denison team upheld the negative side of the Japanese question in one encounter, and the negative side of the question of Constitutional amendments in the other two.

Men representing Denison during the past year were: Judson Crandell, Sherwood Blasdel, King Boutwell, Jay Coulton, William Umbach, Kenneth Maxwell, Samuel Phillips, Robert Brundige, Richard Neuschel, Charles Frederickson, and Carr Dix.

CHEMICAL SOCIETY

The Denison Chemical Society, an honorary organization, was founded October 15, 1909. Election to the society is based on scholastic achievements. Its members are those who have completed one year's work in the Department of Chemistry with a satisfactory grade.

The programs are planned to give a broader view to the field of chemistry, and its application to industry, the other sciences, and to every day life. The members have additional opportunities for extra-curriculum and advanced work in both the practical and theoretical fields of chemistry.

FRANCO - CALLIOPEAN

The name Franco-Calliopean, coined from the two words Franklin and Colliopean. The Colliopean Society nome for the muse of epic poetry was founded in 1836.

The Fronklin Society, named for Benjamin Fronklin was founded in 1840.

On the records of both societies are names of distinguished members and honorary members, such nomes as Daniel Webster, Washington, Irving, Longfellow, Henry Clay and others.

These were discontinued ond it was until 1926 "The Literary Club of Denison University." Very soon they decided to combine the nomes of the two former organizations and continued under the name of the Fronco-Calliopean Society.

EL CIRICULO CASTELLANO

El Ciriculo Castellono was organized on the Denison campus several years ago as a Spanish departmental for the purpose of promoting student interest in the study of the Spanish language and of Spanish customs. Since that time the club has grown rapidly until its membership now includes students taking first, second, and third year courses in the language. Regular meetings are held the second and fourth Tuesday evenings of each month at various sorority houses.

During the past year many interesting and unusual meetings were held and programs were presented under the direction of Mox Russelot, chairman. Professor Thomas R. Wiley and Miss Dorothy Detweiler served as the club's faculty advisors during the last year.

Shortly before Spring vacation elections were held and James Southard was elected to succeed Wade McKee as president for the coming year. Other officers elected were: Barbara Daniels, vice-president; Marjorie Jump, secretary, and Wilbur Wilson, treasurer.

Y. W. C. A.

In accordance with its purpose "To promote the Christian spirit on the campus, to realize a fuller and richer life, and to be a source of inspiration for higher living on the campus", the Y.W.C.A. at Denison has been very active during the past year. During September YW was host to all the freshmen women at a tea given in Stone Hall where it urged them to join the organization.

Later in the fall, in co-operation with Y.M.C.A. it sponsored a retreat at Camp Indio-nolo for the purpose of discussing some of the more vital problems now confronting Denison students. YW with Orchesis presented a Christmas pageant in Swasey Chapel the week prior to the holiday vacations.

Once more co-operating with Y.M.C.A., YW sponsored the Week of Prayer, at which Rev. Theodore S. Adams led the services. Prayer week was in early spring and shortly after YW sponsored a benefit bridge, the proceeds of which went to the Dillonville relief fund.

Faculty open house was begun following suggestion by YW to provide for students an informal intimate way to become acquainted with their instructors. On Tuesday evenings fundamental questions of life and policy are discussed at Y.W.C.A., and throughout the year YW promotes a feeling of good fellowship among Denison women.

MATH CLUB

The Mathematics Club founded by Dr. Forbes B. Wiley has the distinction of being the oldest departmental on the hill. The purpose of this club is to bring to the student a knowledge of those topics which are seldom brought up in the classroom and to give them the privilege of hearing prominent mathematic authorities, members of the faculty and members of their own student body. This group has all the outstanding math students on the hill on its roll and at their meetings the exchange of information and the making of friendships among those interested in the same things makes this group one of the more important departmentals on the Denison Campus.

ENGINEERING SOCIETY

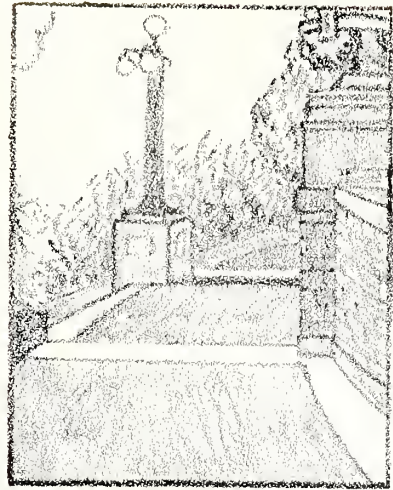

The Denison Engineering society, founded in 1904, was organized for the purpose of conducting a more intensive study into the different phases of modern engineering which are not touched by classes. Membership in this organization is honorary and is limited to upperclassmen. Although Denison is not primarily an engineering school, this club, headed by Professors Smith and Greenshields, has succeeded in making a name for itself among departmental organizations on the campus. Included on its roll are the names of most of the leading engineering students. Much is expected from them in the future.

DENISON SONGS

are a great source of inspiration to
students and alumni.

OLD VARSITY

Oh Varsity, the victory depends on you today
Our hope is on old Denison
And we will back you till the day is done.

Chorus

Oh Varsity we'll back you in the fray
Until the victory is won.
There's no defeat boys:
We can't be beat boys
So raise o cheer for Denison, Roh! Roh!
Your Alma Mater's honor rests on you
Get in and fight for old D. U.
Yes fight, fight, fight
With all your might and might,
Old Varsity of Denison.

ON MAINTAINING LEADERSHIP...

- To win and consistently hold a place as the recognized leader of school annual printing, has been the record of Rogers Printing Company since its beginning in 1908.
- That we have, during a period of 26 years, successfully produced over 700 annuals for schools throughout the country, attests our ability to completely satisfy the most discriminating Year Book Staff.
- New ideas, coupled with the knowledge and experience gained through a quarter of a century's service, insure the school who chooses a Rogers' printed book, of ideal pages "From Start to Finish."
- We are proud that the staff of this book entrusted its printing to our organization and we herewith present it as an example of our work.

SOME DENISON VERSE

SONNET

To Denison University.
P. C. NELSON, '97.

Old Denison, how seest thy nome
To those who know thy matchless worth,
To whom the dearest spot on earth
Is crowned by thee! May thy high aim
And purpose be attained; thy fame
Untornished ever brighter grow,
Till all the world thy name shall know.
Oh, may the spork become a flome!
Thy many worthy sons adore
Their Alma Mater; to thee they bow,
Who ope'd to them the bolted door
Of wisdom's treasure house. Thy brow
In turn doth wear the laurels won
By many a loyal foster son.

Adytum, '97.

BEHIND THE GYM

FRED S. LA RUE, '03.

All the world has a golden hue,
Over the hill behind the gym.
The squirrel chatters to me and to you
From a soft retreat on a beeches limb,
The autumn trees, like sunshine bright,
Flash golden leaves in the golden light,
And all the world has a golden hue
Over the hill behind the gym.

All the world has a hozy hue
Over the hill behind the gym.
The way is dark and the prospect blue,
Over the hill behind the gym.
For there, when I said that I loved you,
You told me there that I wouldn't do,
And over my hopes stands a tomb-stone grim,
Over the hill behind the gym.

The Denisonian
November, 1902.

GRANVILLE

L. H. CAMMACK, '93.

Oh little town of Granville!
Remote from noise and strife,
Wealthy in all the graces which
Conduce to nobler life.

For sighted men and true were those
Who first thy boundaries drew;
They chose discreetly, yet perhaps
For better than they knew.

Thy massive trees, deep shaded streets,
Thy hills like ramparts round,
Thy sacred shrines wherein the folk
Praise God with joyful sound.

Thy little brook that wonders by,
The trysting places near,
The fields with sunny goldenrod,—
All these to me are dear.

But dearer for than these I count
Thy hills of learning fair,
Where youth and maid, by patient toil,
For better life prepare.

Tho' far from thee my wondering steps
May lead me, yet I hold
Sweet memories of the days long gone
When I was of thy fold.

And I long, if fate should give me
A peaceful time at eve,
To come back home and rest again
As the shadows slowly leave.

To see the boys, to hear their songs,
To join them in their fun,
And close life's chapter cheerily,
As though't had just begun.

The Denisonian,
January, 1902.

ACKNOWLEDGMENTS

The last forms of the 1934 Adytum are going to press as this is being written, and the task of preparing The Adytum is almost finished. The Editors and the Staff wish to give their appreciation to those who have given and offered help. Thanks are due to Dr. T. F. Chambers for his help with the Dedication, to Mr. Frank Mowicke whose willingness to overlook our mistakes and pull us out of confusion, to Mr. W. D. Crooker whose aid and advice on the printing end has been invaluable, to the Mueller Studio for their help and to the Rogers Printing Co. and the Pontiac Engraving Co. for their excellent work done and for their delivery of the book on time despite many obstacles.

The Adytum also wishes to thank The Alumni Office for its co-operation in the matter of cuts and to others for their donation of material. Realizing that in the handling of so much material many mistakes will be made we wish to offer apologies to all those so affected.
